

Highway And Bridge Matters Come Before Supervisors' Session

Need for New Bridges to Replace Those Destroyed by Summer Floods Considered at Meeting—Snow Removal—Pay respects to Late Judge A. T. Clearwater.

Highway and bridge matters were the principal topic before the board of supervisors at a special meeting Saturday evening. The matter of snow removal was determined and again this year as usual, all of the improved state highways will be cleared of snow at the joint expense of the county and state, the state paying half of the cost up to \$50 per mile. An appropriation was also made to cover the cost of temporary repairs made due to damage to highways by the recent flood and a fund was provided to make surveys, draw plans and prepare specifications for the repair of bridges which were washed out during the flood. This work will be done under the direction of County Superintendent of Highways James F. Loughran. In addition certain sums were transferred on recommendation of the supervisor of various towns from the Work Relief fund to the 320-b highway fund for the purchase of materials, etc., in order to keep men now on work relief busy. After bills had been authorized paid the board adjourned out of respect to the memory of Judge Alphonse T. Clearwater.

There was but one absentee when the board took up the business of the evening and after Supervisor Lamoureux had moved that the clerk dispense with the reading of the minutes of the previous session the business of the evening was quickly disposed of.

There was present a delegation of taxpayers from the town of Shandaken but after a conference Supervisor Voss of the town stated that the delegation did not desire to be heard. The matter which had been in mind was in connection with damage arising to property in and about Mt. Tremper and Mt. Pleasant during the recent flood when the Esopus went on a rampage. The people in that locality feel that there should be some redress. Many believe that water added to the Esopus from the Gilboa reservoir through the Shandaken tunnel is responsible for at least a part of their damage. The people in that locality seek to bring to trial an action against New York city for damage done by the high water in recent years. The aid of the county and town should also take issue with New York city for destruction of bridges and highways which have been damaged, on the theory that the additional water from the Shandaken tunnel has caused damage for which recovery can be made. However the matter was not taken up before the board and the delegation which included George Byron, Carlton Hoyt, the Misses Riskey, Teddy Steinberg and others did not present their case to the board.

Highways On List

A communication was received from County Superintendent of Highways James F. Loughran calling attention of the board to the necessity of designating highways from which the county desired snow removed at the joint expense of the county and state. All of the state highways totaling 223.6 miles in the county were placed on the list and a resolution of Supervisors Dunsinberre, Stambrough and Charlton was adopted authorizing the snow removal. The state pays half the cost up to \$50 per mile.

Superintendent Loughran also sent a communication calling attention of the board to the damage done by the recent floods in which several bridges were destroyed. He suggested that the board authorize surveys, plans and specifications for new bridges to replace the ones destroyed. The bridges destroyed are: Town of Denning, the Bailey bridge at Claryville; Shandaken, Mt. Tremper bridge, Longyear bridge, Voss bridge, Pantherkill bridge, Holden bridge, spanning the Esopus, Oiler bridge, McKelup bridge, Colwell bridge, Burnham bridge, Woodland Valley Club bridge, and in the town of Wawarsing, the Spanoch bridge. On resolution by Supervisors George, Voss and Wells, the superintendent was authorized to proceed with the preparation of plans, specifications and necessary surveys for the construction of new bridges at the above mentioned places.

Mr. Loughran also communicated to the board the fact that temporary bridges and many needed repairs had been made necessary by the floods. He suggested that the board make an appropriation of \$50,000 to the road fund for such repairs and that \$30,000 be set aside for bridge work and surveys and preparation of plans and specifications and estimates for new bridges.

On motion of Supervisors Stambrough, Dunsinberre and Charlton, \$26,000 was transferred from the general fund to the 320-B highway fund for repairs and maintenance of the highways damaged.

Superior Elsworth offered a resolution that an \$500 refund to the 320-A highway fund be transferred to the 320-B highway fund for maintenance of roads. Adopted.

Funds Transferred

Some time ago \$100,000 was set aside for Work Relief and apportioned to the various towns. These funds were to be used for work relief. In some instances the money allocated was in excess of what could be used for labor as the funds for materials, trucks, supervision, etc., had become exhausted. In order to carry on the

Three Arrests for Public Intoxication

Two Negroes and a White Man Indicted for Drunkenness—Arrests Followed Auto Crash—Two Cases Again Adjudged in Police Court.

Allen Ward, the negro who was badly wounded when slashed in the stomach by a knife recently, has been discharged from the Kingston Hospital, and this morning in police court a hearing on the charge of stabbing Ward that has been lodged by the police against Thomas Williams, another negro, was adjourned to September 29. Since the stabbing Williams has been unable to obtain bail and has been confined in the county jail.

Gerald Sauer of Prince street, held on a charge of stealing an automobile parked in front of the opheum theatre recently, had his hearing adjourned to Wednesday morning.

Following a collision between cars driven by Frank Amon and Edward Wendorff on Abel street on Saturday afternoon, Amon was placed under arrest by the other man who charged Amon with reckless driving. The hearing was set down for September 30 in police court. Amon resides at Linden, N. J.

Daniel Morris, 46, of New York city, was jailed for five days this morning. He was arrested Sunday for public intoxication on Broadway.

Louie Williams, 28, a negro of New York city, arrested for public intoxication on Abel street, was fined \$5. The same sentence was imposed on William McClenna, 37, a negro of 155 Abel street.

Jersey City May House Exchange

Newark, N. J., Sept. 25 (AP).—Jersey City shot into the forefront of contenders for the New York Stock Exchange's business today as Newark stubbed its toe on a legal obstacle.

Newark was rushing preparations last week to welcome the New Jersey Stock Exchange, formed by members of the New York Exchange who became aroused by New York city's plan to impose new taxes on securities trading.

The Centre Market building here was being altered to become the headquarters of the exchange. But Saturday night the present owners, The City Centre Corporation, obtaining an injunction, Vice-Chancellor Fallon issued an order requiring Newark, the owner of the building, and the exchange, to show why the present tenant should not remain in possession.

The Newark Ledger said today that Howard Froelick, chairman of a New York Stock Exchange Committee, served notice that if the legal difficulties were not resolved today, the trading centre would be located elsewhere.

"I suppose that means Jersey City," Mayor Ellenstein of Newark was quoted as saying. He suggested that the matter be settled by arbitration. Attorneys for the present tenants expressed a belief the situation could be ironed out.

Meanwhile remodeling work was resumed, and further conferences were being held.

Noted Publisher Died Of Pneumonia Sunday

New York, Sept. 25 (AP).—Horace Liveright, who deserted bonds for books and became widely known publisher of Belles Lettres, died yesterday of pneumonia in his 50th year.

With Albert Boni, he founded the "Modern Library" in 1917 and watched it become one of the world's most popular series of reprints. He was called the first publisher to take an active interest in Eugene O'Neill, and he lent encouragement to Theodore Dreiser, Ernest Hemingway, Ben Hecht and many others.

After early schooling in the mining town of Osceola Mills, Pa., he became an office boy for a Philadelphia broker and later a successful securities executive in New York.

But his real passion was literature, and he turned to publishing. His rule about young authors, his friends said, was always to give their first books a chance because their second might be good.

President Wants Price of Rails Cut

Washington, Sept. 25 (AP).—President Roosevelt today called in the heads of four steel companies to talk business on a reduction in the price of steel rails, with a view to facilitating employment in the steel industry by placing of orders by the railroads.

The President is ready to have huge Federal funds loaned to the railroads for the purchase of new rails, but is determined first the price of rails be cut down.

Those called to the White House included Myron Taylor, chairman of the board of the United States Steel; Eugene Grace, president of the Bethlehem Steel; L. E. Block, chairman of Inland Steel, and Arthur Roeder, receiver of the Colorado Fuel and Iron Company.

New York Times Has Plans Progressing For Opening of New Bank in Near Future

The New York Times today had this to say editorially of Judge Clearwater:

The last communication received by the New York Times from Judge Alphonse T. Clearwater of Kingston, N. Y., (in February of this year), began with this general statement: It is one of the idiosyncrasies of the bar that it is fluent in criticism but somewhat inarticulate in commendation.

He then proceeded to make an exception to this prevailing custom by praising the Court of Appeals in this state, saying that there are few, if any, judicial tribunals in this or any other country having to do with questions of such importance that have performed their duties in so modest, capable, satisfactory and unobtrusive a manner. And he spoke out of an experience of more than fifty years on the bench and at the bar and as a member of a committee of the New York State Bar Association with Ellhu Root, Morgan J. O'Brien, Lewis L. Deland and George Gordon Battle to summarize the work of the court for the judicial year.

One can be sure that the bar of this state will not be inarticulate in praise of this eminent jurist and citizen, who, living beyond his generation, had yet not outlived his day. Old age had not reduced him, as it did Tithonus, to insignificance before he died. His part in the discussions and decisions of the Constitutional Convention of 1915 will be especially remembered. He cultivated interest that served him in his advanced years. His collection of Colonial silver, in the keeping of the Metropolitan Museum of Art, holds the first place among such treasures. For many years he was president of the State Reservation Commission at Niagara Falls. Incidentally, he gathered all the prints and aquatints of the "Great Water" that research could discover. He was concerned for its "dignity" to the very last. He confessed himself so "old-fashioned" that he read Aristotle, Plato, Pythagoras, Plutarch, Horace and Virgil. Discussing the proper spelling of Virgil's name, he said, in a letter at the time of the bi-millennial celebration, that however we spell it, we shall all be glad to meet him beyond the "portals to the Elysian fields."

Another surprise was occasioned by the election of Charles E. Watson, South African High Commissioner in London, to be president of the assembly. He defeated Francisco Castillo Najera of Mexico.

The election of Nejer, former president of the league council, had generally been forecast since there was no other candidate until today when during a recess Scandinavian delegates proposed to Water.

A large audience saw the German delegation enter the hall in compact formation with Reich Minister Joseph Goebbels in the center. Some persons recalled in this connection Premier Mussolini's visit to the League conference when he entered surrounded by a Fascist guard.

American Ambassador-at-large Norman H. Davis planned to confer today with Foreign Minister Konstantin von Neurath of Germany regarding disarmament.

Warns War Hanging Over European Nations

Geneva, Sept. 25 (AP).—A warning by Premier Johan Mowinkel of Norway that a possibility of war hangs menacingly over the world startled the league of nations assembly today at its opening session.

Dr. Mowinkel, president of the league council, declared further that the four-power peace pact recently signed by Germany, Italy, France and Great Britain can aid considerably in a "torn and divided Europe, where liberty of thought and personal liberty are not everywhere secure."

Another surprise was occasioned by the election of Charles E. Watson, South African High Commissioner in London, to be president of the assembly. He defeated Francisco Castillo Najera of Mexico.

The election of Nejer, former president of the league council, had generally been forecast since there was no other candidate until today when during a recess Scandinavian delegates proposed to Water.

A large audience saw the German delegation enter the hall in compact formation with Reich Minister Joseph Goebbels in the center. Some persons recalled in this connection Premier Mussolini's visit to the League conference when he entered surrounded by a Fascist guard.

American Ambassador-at-large Norman H. Davis planned to confer today with Foreign Minister Konstantin von Neurath of Germany regarding disarmament.

McKee For Mayor Gathers Headway

New York, Sept. 25 (AP).—The boom for Joseph V. McKee, friend of President Roosevelt, had reached a point today where supporters were sure he would enter the mayoral fight in an attempt to beat Mayor John P. O'Brien. Tammany candidate, or Fiorella La Guardia, fusion nominee.

The New York Times said James A. Farley, postmaster general and Democratic national committeeman, conferred with certain Democratic leaders yesterday.

"Mr. Farley, who is understood to be backing the McKee movement, was non-committal to reporters, but told some of his callers that Mr. McKee would run," the paper said.

The New York Herald-Tribune said McKee supporters had begun picking his running mates, from both the Tammany and fusion slates.

It has been assumed in the newspapers that Edward J. Flynn, Bronx Democratic leader and one of Frank H. D. Roosevelt's earliest supporters for the presidency, would lead the fight for McKee. McKee, a non-Tammany Democrat, comes from the Bronx.

The Herald-Tribune said today: "It is expected that chief among the critics of this daring movement will be former Governor Alfred E. Smith."

Common Council And Work Relief Meeting Tonight

A joint meeting of the common council and the local emergency work relief committee will be held at the city hall this evening, at which time the question of funds for work relief this winter will be discussed. The work relief committee has just about enough funds on hand to carry on its work until early next month.

Preceding the joint meeting the finance committee of the council will meet to consider the request of the public welfare board for an appropriation of \$28,000 for home relief and hospital work.

Antarctic Ship Ready To Sail

Admiral Richard E. Byrd's Bear of Oakland lay at her dock today, booms down and hatches battered, ready to sail for South Polar seas.

Cargo was stowed aboard the ice-scarred old whaler yesterday and all was made ship shape for sailing at 8 a. m. (eastern time) today. Sunday was a day of farewells for the Bear's crew and the party of scientists who will sail with her on her two-year mission in antarctic waters.

Terrence Keough, a young New York skipper who spent four years of his nautical career as captain of the old Atlantis, oceanographic ship from Woods Hole, commands the barkentine, and captain Bendek Johansen, a Norwegian with 37 arctic trips behind him, will pilot the Bear when she reaches the ice fields of the South Polar seas.

The Bear was expected to reach Dunedin, New Zealand, the base, in about 60 days. There cargoes will be shifted and the whaler will head south into the ice of the Bay of Whales for Byrd's frozen homestead, Little America.

Customs officers who issued clearance papers for the bear yesterday also delivered official documents changing the name of the Byrd Flagship from Pacific Fir to Jacob Ruppert in honor of Colonel Jacob Ruppert of New York. The brewer and baseball magnate is one of the principal sponsors of the expedition, the admiral's second to the South Pole.

CAR AND MOTORCYCLE COLLIDED AT GLENRIE

George Langel of 2517 Voorhees avenue, Brooklyn, was injured Sunday afternoon when his motorcycle and the Packard car of Martin Casey of Saugerties collided near the Spencer gas station at Glenrie. The car was being driven by John J. Renner of Haines Falls.

Langel was proceeding south on his cycle when the Packard car was driven around to go north. Unable to make the swing the Packard car was backed up to make the turn and Langel uncertain as to the course of the car collided with the side of the car. The motorcycle was badly damaged and Langel was thrown to the pavement and suffered bruises and cuts. Dr. L. A. Sonking of Saugerties was called and requested that Langel be taken to the Kingston Hospital where x-rays were taken. Deputy Sheriff Fred Greene made an investigation and took the injured man to the hospital. State Trooper Reilly also responded and conducted an investigation.

DR. STEVENS OF WINDHAM INJURED NEAR HIGHLAND

Dr. Ward Stevens, Windham dentist, is in Vassar Hospital, Poughkeepsie, receiving treatment for painful injuries received in an automobile accident near the St. George Hotel on the Highland-Kingston road Sunday. According to reports, Dr. Stevens was walking from his car, parked near the hotel on the opposite side of the road and was struck by a passing auto. He had been to visit his son, Dr. W. W. Stevens, a dentist at Poughkeepsie, and was on his way home. Latest reports from Vassar was that he was resting comfortably.

19 TEACHERS SIGN FOR INSTRUCTION COURSE

Nineteen teachers registered Saturday at the high school for the Visual Instruction Course and Activity Program which is being given by J. J. Jenkins through New York University. The course will start Saturday, September 30, at 9 a. m. The last day to register for the course will be Saturday of this month.

CLOSE IN RESPECT TO LATE JUDGE CLEARWATER

The Senate House and the Senate House Museum will remain closed Tuesday afternoon out of respect to the late Judge A. T. Clearwater, who was president of the Senate House Association. The flag at the historic old Senate House was placed at half mast Saturday and will remain at half mast for thirty days.

ENTERTAINED FRIENDS AT WILLIAMS LAKES

Dr. J. Roswell Hasbrouck of Stone Ridge entertained twenty-four guests at a private clambake at Williams Lakes in Binnewater Sunday afternoon. The clambake was novel and very successful. Everyone present reported a most enjoyable afternoon.

REAL ESTATE TRANSFERS. Deeds Recently Filed in the Ulster County Clerk's Office.

The following deeds have recently been filed in the office of the county clerk:

Harcourt J. Pratt and wife of Highland to John A. DuBois and wife of Marlborough, a parcel of land in Highland. Consideration \$5,900.

Paul Maroldt and wife of town of Lloyd to Frank Cuomo of New York city, a parcel of land in town of Lloyd. Consideration \$3,750.

Maggie Kriger Lewis of Kingston to Floyd D. Johnson of Kingston, a parcel of land on Van Deusen avenue, Kingston. Consideration \$1.

Believes NRA Will Become Permanent

Cleveland, O., Sept. 25 (AP).—Belief the National Recovery Act with pass from the status of emergency legislation to a permanent policy "with a view of stabilizing permanently our whole economic state" was expressed in a speech today by J. S. Trille, president of the National Electrical Manufacturers Association.

Addressing a meeting of the association, Trille, who is vice president and general manager of the Westinghouse Electric Company, said "what has been done so far is, in my opinion, only a preliminary stage of what we must look forward to in the future."

"It is apparent to me," he continued, "that the recovery act, with perhaps some modifications, will gradually pass from the status of emergency legislation to a permanent policy. Industry must expect in the future that government will take more interest in its operations with a view of stabilizing permanently our whole economic state."

"And the more effectively our own or any other industry regulates itself so as to contribute to the stability of our national life, the less interference it will have from government. I believe we may expect from now on that government will have supervisory jurisdiction over all industry."

"Capital and labor," he said, "must, in the future, work hand in hand or there will always be conflict as to whose opinion is right. All arguments between capital and labor must be tempered by mutual confidence if a logical conclusion is to be reached."

New Golf Course Under Inspection

Friday afternoon, under the guidance of Thomas Goodman, golf architect, the members of the construction committee of the Wiltwyck Golf Club were conducted on a tour of the course.

The entire course has been completed in its rough shape. Nine greens have been seeded at various stages and five greens are ready to be mowed. The rest of the course will need the conditioning of the terrain to make it playable and play on the course will positively commence early next spring when the course will be thrown open to the public.

The construction committee as a whole was very enthusiastic about the possibilities of the new Wiltwyck Golf Club. With a course of the calibre designed and constructed by Mr. Goodman, it will be possible to arrange championship tournaments. It is a desire of the Board of Directors to have a golf course that will be a credit to Kingston and one that under the leadership of Lewis Brown and others, well known throughout Kingston and Ulster county. The club membership is not limited to Kingstonians alone as many of the members are from the surrounding towns.

The public is invited at all times to inspect the course and Mr. Goodman will be delighted to show any one over the course. Anyone desiring membership may get all facts from Mr. Goodman or Mr. Brown or any members.

Parent-Teachers Seek Members In Drive

During the next two weeks, September 25 to October 9, the Parent-Teacher Association of the Kingston schools will promote their annual membership drive. The objects of the Parent-Teacher Association are to promote child welfare in home and school; to bring into closer relation the home and school, that the parents and teachers may cooperate intelligently in the training of the child; and to develop between educators and the general public such united efforts as will secure for every child the highest advantage in physical, mental and moral education.

"Every mother and father should become a member of the Parent-Teacher Association and feel by their cooperation that they are getting the best advantages for their children that the schools of Kingston can give," say members of the association.

Pay as You Go Policy Advocated by Pope

Vatican City, Sept. 25 (AP).—The hope that the lessons of the crisis will not soon be forgotten by the peoples of the world was expressed by Pope Pius today in an audience with Cardinal O'Connell of Boston.

The pontiff said he sincerely trusts the people of the future will be more careful to preserve the fruits of prosperity, will avoid luxury, and will accustom themselves to pay as they go.

Pope Pius commented thus following the cardinal's observations that the depression seemed to have brought religion home to the American people as never before.

"Following the audience, which lasted an hour, the cardinal said the Pope disclosed astonishing knowledge not only of economic conditions in the United States but also of the monetary situation."

Plans Progressing For Big NRA Rally On Tuesday Evening

Old Armory to be Scene of Galaxy of Talent to Promote NRA in Kingston—Noted Stars of State to Appear—Prominent Speakers.

City Judge Bernard A. Culliton, "General" of the NRA in Kingston, today announced that plans are complete for the big rally in the old armory Tuesday evening, featuring an entertainment bill that should surpass any ever held in Kingston.

The program is expected to jam the old drill shed of the 156th Field Artillery to overflowing and those in charge anticipate welcoming a crowd numbering between 3,000 and 4,000 people.

One of the featured artists will be Miss Helene Mao of radio broadcasting station WFAB, New York, and formerly of the original Roxy Theatre at 51st street and Broadway and once the vocalist with the renowned dance team of Harrison and Fisher of "Strike Me Pink" which recently finished a successful run.

Miss Mao is also an R. K. O. vaudeville star, having played in best known houses of this circuit after finishing an engagement as featured soloist at the Palais D'Or, New York city. She prepared for her musical career at the Springfield Conservatory of Music and besides being a talented singer is an accomplished violinist.

The services of Miss Mao were procured through the courtesy of the Rev. Francis P. Borowski, pastor of Immaculate Conception Church, who is her uncle. Between her programs over WFAB she is in Kingston assisting to direct a musical show to be run for his church on October 30 and 31 in White Eagle Hall, Delaware avenue.

While rehearsing for the show, Miss Mao was surprised at the ability of "The Harmonians," an amateur quartet of this city and is pleased to announce that this ensemble will do a number with her at the armory. The quartet is composed of Johnny Dunn, Bob Flynn, Don Dempsey and Johnny Murphy, four boys who do exceptionally well as imitators of the Mills Brothers.

Catherine Dunn, sister of Johnny, will accompany the quartet and Miss Mao. She will do "One Kiss from 'The New Moon'" and with the boys will sing "Lord, You Made the Night Too Long."

Another number loaned by Father Borowski from his show is that starring Little Harold Lukasewski of Immaculate Conception. Parochial School with his accordion and in a routine of tap dancing.

The professional entertainers from Mark Huling's Barn across the viaduct will appear with their full orchestra, also Roger Baer and his Golden Rule Inn Chorus. These two musical units promise programs that will please all.

Other featured offerings will be by Roger Keough, Kingston dancer who made good in professional show business, and the NRA double quartet from the Mendelssohn Club—Conrad J. Hetselman, William T. Hookey, Jr., Lester Elmendorf, Bernard Joy, Bernard Healy, Willis Ryder, Raymond DuBois and Vernon Miller.

Robert Hawkesley, one of Kingston's most popular soloists will also be on the program singing a special number that brings out the richness of his tenor voice. Teddy and Eddie Wehse & Company will do "The Chevaliers."

Last but not least is the Kingston Community Band which will play under the direction of Paul Zucca. This group of musicians will play a concert starting at 7:45 o'clock and do other numbers during the evening.

The doors of the armory will open at 7 o'clock and all who wish choice seats (there are none reserved) are advised to be on hand early.

Besides the entertainment, as has been announced, there will be speakers explaining the virtues of the NRA. They are Judge Culliton, Palmer A. Canfield and Henry M. Fetterich. Mr. Fetterich is a member of the State NRA headquarters and is regarded as one of the best speakers available for discourses on the scheme of President Roosevelt to bring back prosperity.

A corps of ushers from the American Legion will handle the crowd, seeing that seats are furnished for all who arrive before the time of "standing room only."

CLINIC SCHEDULE AT BENEDICTINE HOSPITAL

The first clinic to be held at the Benedictine Hospital this week will be the clinic for the Diseases of the Stomach which will be held on Wednesday morning, September 27, from 10 to 12 o'clock. The diagnosis and treatment of this clinic will be in charge of several members of the staff.

The Gynecological Clinic will be held on Thursday afternoon from 2 to 4 o'clock.

Any information regarding the above clinics may be obtained by communicating with the Benedictine Hospital either by letter or phone. Phone 2560.

Hospital Auxiliary Meeting

The Ladies' Auxiliary of Kingston Hospital will meet Tuesday afternoon at 2:30 o'clock in the nurses' home. A good attendance is desired. The yearly reports will be read and election of officers held.

KINGSTON SAVINGS BANK

Fruit Commission Meeting on Grapes

Albany, Sept. 25.—At a hearing conducted by the New York State Perishable Fruit Commission, of which Senator John T. McCall, New York city, is chairman, held at West-Side Thursday, more than 160 prominent grape growers and shippers of the Chautauque fruit belt headed by Joseph A. McGlinchey, speaker of the Assembly, and Senator Leigh G. Kirkland of Randolph put in an appearance. This hearing was devoted almost entirely to the growing and marketing of grapes.

H. K. Falvey, president of the Westfield C. & E. Grape Growers Cooperative Association, declared that the present grape grading law is satisfactory, that it was originally enacted at the request of the western New York grape growers and that the provision allowing the commissioner of agriculture and markets to change the percentage of tolerance in the grades to meet particular situations makes the law of particular working value.

The subject of establishing a distinctive grade of fruit to be packed under a state brand and advertised and pushed through a state agency met with general approval. Opinion was divided as to the practicability of preventing the use of second hand fruit packages. It was argued by packing case manufacturers that the more attractive the package the better chance of obtaining a good price for the contents.

The subject of chain stores selling fruit below cost as an advertising feature came up for severe criticism by several speakers. The opinion was expressed that no article of farm produce should be exploited for advertising purposes as it tended to demoralize market prices.

Various speakers declared over-ripe and immature fruit should be kept off the market on account of the effect of its sale on the price of the better grades. S. J. Cooke of Sheridan said he was in favor of excluding from New York state the fruit of any foreign state which did not meet New York state grading requirements.

The proposal of adopting an NRA code for cooperatives, dealers and shippers did not meet with popular response. As the cooperatives are both growers and shippers.

Senator Ogden J. Ross of Troy, a member of the commission, asked if the railroads were to meet the haulage rates of trucks if the growers would use the railroad for shipments. Speaker Joseph A. McGlinchey, ranked as one of the leading grape authorities in the state, said growers had found truck shipments more advantageous than rail on account of speed of delivery and less handling of the produce.

The question of licensing and bonding the itinerant truck peddler met with divided opinion as to its advantages. Growers stated this class of dealers always paid cash for produce. On the other hand opinion was expressed if this class of dealers were licensed and bonded they would have an overhead and be less likely to cut prices below prevailing market rates.

At Rochester on Friday a gathering of representative apple, peach, pear and cherry growers of western New York attended the hearing. The western New York growers were favorable to the establishment of a state brand to be advertised as such by a state agency, but H. B. Duncan, Chief of the Inspection Bureau of the Department of Agriculture and Markets said if this was done it would be necessary to have fruit inspected on the trees to determine when it was ready to pick as well as inspection at time of packing. Progress was made in shaping a plan to put a state brand into operation. It was the consensus of opinion that fruit would have to be packed under a state brand by a cooperative or other packer after delivery by the grower in order to be certain that every package conformed to grade requirements of the state brand.

The proposal to have old dead orchards or trees cut out in order to conserve the horticultural resources of the state, the work being done through use of men employed under unemployment relief met with approval provided the grower directs what trees are to be removed and competent workers are employed.

A number of speakers favored the proposal to mark open crates of apples and pears to show size, grade and packer's name. E. B. Archbald of Watertown, grower of apples, peaches and cherries, pointed out that open packages did not affect the consumer; that the open package was sold on the basis of the average contents and the dealer had a chance to examine the same all the way through before making a purchase.

A number of speakers thought the state should move slowly in the matter of new regulatory legislation for the fruit industry during the present economic emergency expressing opinion that with restoration of normal business many present problems would adjust themselves.

**ASKS LEGION AUXILIARY
TO ATTEND NRA RALLY**

Kingston Daily Freeman.
Kingston, N. Y.
Gentlemen:

Will you kindly publish the following in Monday's Freeman?

"The local NRA Committee has called upon the American Legion Auxiliary, as well as other women's organizations in the city, to support the NRA rally to be held Tuesday evening at the old armory."

As president of the Kingston Auxiliary I request and urge each and every Auxiliary member to attend this rally.

As a patriotic organization, pledged to foster and perpetuate a 100 per cent Americanism and pledged to community service, it is clearly our duty to attend.

Let us then, wholeheartedly support this second step in our President's plan for the economic rehabilitation of our country.

THELMA L. METZGER,
President, Unit No. 150,
American Legion Auxiliary.

Flashes of Life Sketched in Brief

(By The Associated Press.)
Terre Haute, Ind., Sept. 25 (AP).—The hit-and-run driver has invaded the waterways. Police today hunted the pilot of a motorboat that struck Joe Wilson, 24, as he swam in the Wabash river. Wilson, with severe injuries, got to shore.

Falling Away.
Ponca City, Okla.—Isaac Gilbert, 17 year old junior high school boy, is losing weight.
He's down to 375 pounds!
A year ago he weighed 492 pounds. But he's been dieting since then.
Isaac's father weighs only 140 and his mother 125.

Sleep, Sweet Sleep.
Salt Lake City.—While his watchman slept in an adjoining room, C. G. Taylor, grocer, was bound with wire by three men and robbed of \$33.70. After the robbers had escaped Taylor managed to arouse Tony Drakopolous, the watchman, who was still slumbering.

Bets Off, Gents.
Byron, Calif.—The "kitties" which Charlie Hohman trained for his proposed cat race certainly ran, but it was a scuttler rather than a race.

At a tryout which Bryon's sportsmen had gathered, Tom Smith, just down from the hills, opened a sack and deposited a wild cat right among those racing kitties. All bets were off.

Fine Medicine!
Cincinnati.—Patrolman Frank Duncan wanted a bottle in which to carry medicine home for his baby.
"You can have the one as soon as I drink the rest of the cough syrup out of it," said Sergeant Arlington Beebe.

The sergeant gulped down the remaining syrup, began coughing and could not stop. He lost consciousness and physicians worked over him several hours before they succeeded in stopping the coughing spasms.

Women To Rescue
New York.—As Mary Roberts Rhinehart sees it, it's up to American women to "throttle the crime situation." The novelist said yesterday: "Hand the job over to the women, now that men have a chance, and once the women see their responsibility they will straighten out the situation."

So That's What It Was!
New York.—Strange noises emitted by ten-year-old Matthew Schwartz as he sat on a raft in the middle of Bronx pond prompted citizens to sound a fire alarm.

They thought he was in distress. Firemen came and rescued Matthew.

"Aw," he said, "I wasn't calling for help. I was singing."

No More Ca-Chooos.
Sault Ste. Marie, Ont.—Walter Kelley was on his way home to Crawfordville, Ind., today, singing for the first time since the Spanish-American War.

Kelly, a hay-fever victim, arrived here a month ago almost speechless. He went home last night after living at the Ca-Choo Club, hay-fever association, and said he was cured.

Fat Man Reduces
New York.—Patrolman Williams likes to give advice to the obese on how to reduce. So when he saw a man with a protuberance at the waistline, he stopped him to give him a little speech about wrong vitamins or something.

But it wasn't fat. It was a rope and a revolver, and the man, William Tornoff, was arrested. The patrolman accused him of planning a burglary.

IF YOU OWN A FORD

That Ford of yours is built to last. It has the stamina to stand up year after year. But even the sturdiest metals and the finest engineering can't prevent trouble if you neglect the cooling system.

Right now—before freezing weather, have your radiator filled with the proper amount of Eveready Prestone and water. One gallon of Eveready Prestone, at \$2.95, gives any Ford except the V-8 all winter protection to zero. The V-8 takes two gallons for zero protection. For other makes, see your dealer's chart.

Eveready Prestone not only saves your car from freeze-ups, but prevents rust and clogging. It won't boil away. And it costs less per season because it's concentrated—not water-diluted. Approved by all car manufacturers, including Ford, and fully guaranteed by National Carbon Co., Inc., New York, N. Y.

Records show Kingston usually has freezing temperatures by Oct. 25. Put in Eveready Prestone now, for safe, all-winter protection.

WILL WONDERS NEVER CEASE!

By Roy Bennett

IT TOOK NATURE 10,000 YEARS TO DEPOSIT ONE FOOT OF COAL. THERE ARE REPORTS KNOWN TO BE 60 FEET IN DEPTH.

The best fuel—'blue coal' costs less in the end!

You don't have to buy fuel on a hit-or-miss basis any more. What you want from your furnace is good, steady, economical heat—and that is what 'blue coal' delivers. No more gambling. No more variations in quality. You know exactly what you are getting because this coal is actually colored blue, for your protection.

For generations, Pennsylvania Anthracite has been famous for its clean, dependable and economical heat. And now—in 'blue coal'—you get the cream of the famous Anthracite regions of Northern Pennsylvania. A high quality hard coal that starts up quickly, on cold mornings—gives steady, even heat all day—and banks perfectly at night.

Buy your fuel on facts—not wild claims. No other fuel has ever equaled anthracite for efficient economy. Anthracite gives you so much better heat for less money. And for real economy, with less attention, specify 'blue coal'! Call up today, and place your order for 'blue coal'.

'blue coal'
Better heat—less attention

partment officials on the alert today, though late reports indicated somewhat quieter conditions.

Ambassador Sumner Welles telephoned the department that the violence and unrest of recent hours had lessened in some sections last night, but he reported simultaneously the storming of mine property near Cristo by 150 men who shot guns into the air. Troops were called out to quell the disturbance.

Along the coast, a number of Americans were reported ready if necessary to flee in small boats to anchored warships. Commanders of these naval vessels were authorized to land armed forces to protect lives without the delay of first consulting higher authorities.

Earlier consular reports termed conditions in the city and province of Matanzas "exceedingly distressing." Armed men were said to be commandeering food, but so far no molesting of Americans were reported.

Protectors of the Highway of Public Health

YOU mothers know this highway. Along it your child must walk on the way to health and happiness. This is one highway that **MUST** be kept safe. No mother should ever worry about possible attacks upon the **DAILY MILK SUPPLY**. Nor should she ever worry about the **PURITY** of the milk her children drink. We 48,000 farmers of the **Dairymen's League** stand as the protectors of the highway—**AS GUARDIANS OF YOUR DAILY MILK SUPPLY**.

The price we receive today for our milk is not sufficient. Conditions must improve before we can prosper. We could stand aside and let those who believe in violence plunge our industry into chaos. We could forget the millions of families whose health depends upon the regular delivery of our milk. We could—but we haven't. Because we have a responsibility—**A DUTY TO PERFORM**. A duty that can't be shifted or for one minute ignored.

Ours is a co-operative association—pledged to produce **PURE MILK** under standards even higher than those of boards of health. Pledged to protect that

milk from contamination and to deliver it without interruption to the dealer who leaves it at your door. Our responsibility, then, is two-fold. **OUR MILK MUST BE PURE AND MOTHERS MUST BE ABLE TO BUY IT.**

Everyone of us shares this responsibility **EQUALLY**. This spirit of share and share-alike is the cornerstone of our great **CO-OPERATIVE** organization. Individual effort, selfish ambition have brought only trouble to the dairy farmer. Co-operative effort, approved by state and nation, is **THE ONLY** lasting solution to our many problems.

Believe us, then, when we tell you that we realize the tremendous responsibility that is ours. Not as a small group of independent dairy farmers. But as an organization that includes **MORE THAN HALF** the dairy farmers in the New York Milk Shed. The milk we produce will always be pure. It will be protected from the time it leaves our farms. And you will be able to buy it for your family—**WE SHALL CONTINUE TO GUARD THE HIGHWAY.**

RACKET PICKS COIN OFF FAMILY TREES

Duplex Warnings Hundreds Fall for Swindle.

London—Americans in search of a family tree should take warning from the latest of many statements about bogus genealogies issued by the United States consulate general in London.

For, according to the consulate general's office, these fly-by-night gentry this year are reaping a richer harvest than ever from the United States at the expense of those people who believe they are making heads to vast fortunes or have claims to noble birth. Many letters a week are being received at the consulate general from Americans who believe they are missing heirs. As usual, most of them have no legitimate claim to any fortune and are told so by return mail, but for those who write to the consulate general there are hundreds of others who place their claims—and their dollars—in the hands of bogus genealogists.

At the consulate general's office there are hundreds of cases on record of people who have been defrauded of their hard-earned coin by these men.

Only recently a trickster living in London started—or claimed to have started—to compile the history of the Bennett family. Hundreds of Bennetts in America and Britain were circularized by this man, who said he thought they were associated with this "noble family." He promised to have a record of all the Bennetts privately printed. The dollars rolled in but the subscribers are waiting for their book.

The ancient Society of Genealogists is up in arms at this traffic, which, they contend, is dimming the fair name of all latest genealogists, but the authorities have a hard time in catching the swindlers, who move from one address to another with great rapidity.

Total Ages of London Family Thousand Years

London—That he has the biggest family in London is the claim of Frederick Henden. Henden has had 21 children, 10 of whom are still living, 61 grandchildren (as far as he can remember), and 10 great-grandchildren.

Himself one of twins, Henden had 228 brothers and sisters, and as far back as the family history can be traced the Hendens have always had large families. His children are carrying on the tradition, for one daughter has 15 children and another 12.

Next year the total ages of the family will reach 1,000 years, and Henden, who will be seventy-three, has only one ambition—to give a party and invite all his family, so that they could all be together. The Hendens have the distinction of being the biggest family mentioned in the London Roll of Honor, for 47 sons and grandsons are mentioned as having fought in the world war.

Ruler of Irak Confers Order on King George

London—King Faisal of Irak bestows in a sort of royal tit-for-tat in the conferring of orders. He has been given many orders in his time and now he has some of his own to confer as a kingly ruler in Arabia.

King George conferred upon him the Grand Cross of the Bath and he conferred upon the British monarch the chain of the Order of Hashim. He also decorated the duke of Gloucester with the Order of Radfaid.

Silver Dollar, Addressed, Stamped, Put in Mail

Hood River, Ore.—Various and novel ways are used in mailing articles through Uncle Sam's mails. It was revealed here. Recently authorities at this city's post office were somewhat interested and amazed to find a silver dollar, a 3 cent stamp on one side and the address pasted on the other, lying in a mail sack.

Farley's Name Costs Taxpayers \$10,000

By W. L. BRUCKART

Washington.—Post Master General James A. Farley's name is going to cost the taxpayers of the country some \$10,000, about which there was no advance planning or codes or anything. It comes about in this fashion: The new building that is to house the Post Office department will have a couple of gigantic blocks of stone near its entrance on which are engraved the names of all postmasters general since the first. The contract for the building and of course, for those two engraved stones, was let during the administration of President Hoover, so that the last name on the list was Walter F. Brown of Ohio. But along came a change in administration and a new head of the Post Office department, and his name had to be included.

The two great stones carried an equal number of names when they were shipped from the Indiana quarry. To include the name of Mr. Farley, the names on one stone have had to be shaved off because they exactly filled the space. They are now being relocated in somewhat closer proximity to each other so that Mr. Farley's name may be placed in the list. The contractors said that the cost was approximately \$10,000.

(Continued from Page One)

work a portion of the remaining Work Relief balance was authorized transferred to the 320-b Madison-ance fund for the purchase of additional material, truck hire, etc., to keep the relief work going. The amounts in the various towns on certain roads transferred at the request of the town supervisor are:

Highway No.	Amount
82	\$1,000
84	100
85	1,000
86	2,000
87	2,300
88	500
89	1,600
90	1,000
91	200
92	1,000
93	500
94	3,300
95	500
96	1,800
97	1,500
98	1,500
99	1,500

By the resolution the county treasurer was authorized to make the transfers and the clerk was authorized to notify the State Department and make arrangements for the transfer.

Supervisor Voss of Shandaken offered a resolution which was adopted that there be added to the county road map the Olive-crea-Winnisook Mountain road to the entrance of the Winnisook Club property.

Bills were audited for pay of Dwight McEntee for work in the county treasurer's office \$180, also bills for ruptured and crippled children in reconstruction hospitals amounting to \$210, \$93, \$62, \$93 and \$62. A bill for insurance on the elevator in the Tuberculosis Hospital to the amount of \$95.50 was authorized as were three small dog bills from peace officers.

Clark Henry DeWitt asked all supervisors to get their tax rolls to him as soon as possible in order that the necessary work might be taken up so as to have the books ready when the annual sessions of the board commence the week after election.

On motion of Supervisor Van Wagenen the board adjourned out of respect to the memory of Judge Clearwater.

Teachers To Meet

The Sunday school teachers of Trinity Lutheran Church will meet tonight at 8 o'clock. Teachers will bring their own Bibles and lesson papers for the next four weeks. The pastor has prepared an examination list of questions with percentage. The study of the harmony of the Gospels will also be taken up. Teachers absent tonight will be obliged to make up before the October meeting, namely the third Monday in October. After the study period at nine o'clock a social time has been arranged for. All teachers are urged to be present.

Pinochle Party.

A Pinochle party under the auspices of Kingston Lodge 970, Local Order of Moose, will be held at 25 Cedar street, tonight. Games will start at 8:15 sharp. Refreshments will be served.

Mrs. Lucetta Haren and her daughter, of Monroe county, Ohio, operate a 260-acre farm and do all the work themselves.

OFFICERS ELECTED BY OLIVE REBEKAH LODGE.

West Shokan, Sept. 25.—At a largely attended session of Olive Rebekah Lodge, No. 470, held Thursday evening in Olive Bridge 1. O. O. F. Hall, the unanimous nomination and election of officers for the ensuing year was held as follows: Noble grand, Mrs. Francis Ayers, succeeding Mrs. Mabel Weidner; vice grand, Mrs. Lena R. Burgher, who succeeds Mrs. Ayers, the present incumbent; recording secretary, V. Ellnor Fawcner, re-elected; financial secretary, Mrs. Florence Boice, succeeding Mrs. Viva Davis; treasurer, Mrs. Elizabeth Trowbridge, re-elected.

A suggestion was carried unanimously that Olive Rebekah Lodge celebrate Halloween with a masquerade dance and card party.

Mrs. Mildred Bush, district deputy president, announced her schedule for the district installations: Having Rebekah Lodge, Marlborough, Tuesday, October 3; Colonial Rebekah Lodge, Kingston, Monday, October 9; Vineyard Rebekah Lodge, Highland, Thursday, October 12; Lucetta Rebekah Lodge, Ulster Park, Wednesday, October 25, Wednesday, November 1, Mrs. Bush and staff will install the officers at the Mother Agape Rebekah Lodge, No. 623, in Bearsville. Thursday, November 2, District Deputy Ina Shultis and staff will pay a return installation at Olive Rebekah Lodge.

The personnel of Mrs. Bush's staff is as follows: Deputy marshal, Past Noble Grand Mabel Weidner; deputy warden, Past Noble Grand Elthea Quick; musician, Past Assembly Musician Florence Blakely, of Vineyard Lodge; deputy secretary, Past District Deputy President Edna Cole, of Colonial Lodge; deputy treasurer, Past District Deputy President Alvina Grunner, of Vineyard Lodge; deputy chaplain, Past Noble Grand Mabel Bode, of Colonial Lodge; deputy inside guardian, Past District Deputy President Josephine Barringer, of Colonial Lodge; deputy outside guardian, Ruth Schofield, of Vineyard Lodge.

The serving of refreshments and pleasing social program followed after the business session, which was much enjoyed by everyone present. A visiting member present was Mrs. Josephine Van Kleeck of Kingston, who formerly resided in Olive Bridge. Mrs. Van Kleeck is at present visiting relatives in Shokan.

RECEIVED BEST MEDICAL ATTENTION IN C. C. C.

231st Co. C. C. C.
 Evanston, Wyo.
 Sept. 20, 1933.

Dear Editor:

I wish to show the people of Kingston that the bad conditions in this camp, as previously stated in your paper, are not true, especially the medical treatment.

Through the fine efforts of Captain Brine of our company, I was sent to the Veterans' Hospital in Salt Lake City, where I received a \$200 operation on my nose, which had been bothering me quite some time before I joined the C. C. C.

I was discharged from the hospital on September 12, with my nose completely healed and feeling in the best of health.

The boys of the company sincerely appreciate the honest efforts of our captain for safeguarding their welfare.

Yours sincerely,
 BEN ROSENSTEIN.
 P. S. Please publish this letter. Thank you.

WEST SHOKAN

West Shokan, Sept. 25.—Thursday afternoon at 2 o'clock a diphtheria clinic will be held in the Olive Bridge 1. O. O. F. Hall in charge of the town of Olive health officer, Dr. Henry L. Bibby, of Kingston. Children between the ages of 6 months and including eight years of age are eligible to be given the inoculation. A second clinic will be held a month later on October 26. Several years ago a similar diphtheria clinic was held and many residents about the locality took advantage of the opportunity provided to have their children inoculated against the dread malady. Any further information may be obtained from Mrs. Leroy Davis of Olive Bridge, who is giving freely of her time in this work, in connection with the county health nurse.

Myron Myers of Samsonville, who narrowly escaped death last Monday morning when attacked by a bull which he had stabled, is convalescing from his serious injuries in the Benedictine Hospital, where he was removed shortly after the accident. His injuries consist of a broken collar bone, broken rib, and bruises of the body. This is a vivid reminder of the bull accident which nearly cost Commissioner William Jordan of Broadhead his life a few years ago. The animal, later purchased by David Brown of Lehighardt, brought about the death of Mr. Brown. The bull which injured Mr. Myers is a three-year-old Guernsey and not the bull that was owned by Mr. Brown.

Mr. and Mrs. Clemens, who have been spending several weeks at the Jones bungalow, the Florence, left for the metropolis via bus on Friday morning.

Abram J. Longyear of Phoenixia, smiling veteran dispenser of the Watkins line, was in this locality Friday.

Mr. and Mrs. Raymond Markle and family of Bloomington were supper guests one evening recently at the home of Judge and Mrs. Henry Winchell of Rock Cliff Gardens on the main Samsonville turnpike.

Simon Merrihew, prominent south Olive poultryman and business farmer, who while the summer drought was fresh in memory, had an arseman well drilled at his home, reports water plenty at 130 feet sub surface elevation. In keeping with the spirit of the NRA Mr. Merrihew has already installed an electric pump, somewhat remodelled his house to provide a bath room and equipped with the latest fixtures. Running water to the barn was another step in his program of modernization, also to his hen house to supply more than a thousand white leghorn layers.

The gasoline power shovel has already made its mark at the take off point on the upstream side of the Bushkill bridge burrowing a channel toward Watson Hollow. Another job quite as necessary as the shovel work is that of clearing the flood strewn trees and other debris causing dangerous obstructions in numerous instances along the course of the stream. Should in the meanwhile another similar flood occur the map of Watson Hollow might have to be retraced.

John Bush, who is a patient in the Benedictine Hospital undergoing treatment due to a severe case of blood poisoning in his hand, is now showing considerable improvement in his condition.

The infection started from a blister received while he was at work on the county road job. Mr. Bush is a brother of James Bush, popular Department of Water Supply employee and Democratic town committeeman.

A prominent local social event of 55 years ago Friday, September 22, was the marriage of N. Watson Bishop and Miss Cornelia Crispell which took place at the bride's home. The ceremony was performed by the Rev. Mr. Hammond, then pastor of the Shokan Reformed Church. Mr. Bishop died in October, 1921, at the age of 70, while Mrs. Bishop resided in West Shokan Heights is now in her 77th year. Their only son, Fred, father of Donald and Robert Bishop, died in December, 1922, at the age of 45 in Marquetteville, where he conducted a large and successful hardware business.

Charles H. Weidner of Hickory Hill, Republican candidate for supervisor, attended the Kiwanis Club luncheon in Kingston last week. The 16th anniversary of the marriage of Supervisor and Mrs. Henry

Lamoureux of Saugerties is noted. The popular couple have become well known throughout Ulster district due to their 1. O. O. F. and Rebekah activities. Many happy returns of the day is extended in their behalf.

Congratulations to Mr. and Mrs. Justus North of Shokan. The blessed event is the arrival of a husky son, born Wednesday in the Benedictine Hospital, Kingston. Doing just fine is the report.

The group of Olive Bridge Odd Fellows and Rebekahs attending the district picnic in Bearsville on Wednesday report having a most enjoyable time.

Carbon Monoxide
 Carbon monoxide, the colorless, tasteless and odorless gas that is produced by motor car exhausts and various industrial processes, is so poisonous that one part in 2,000 parts of air suffices a person within a short time and one part in 300 parts of air quickly causes death.—Collier's Magazine.

Children's Colds

Yield quicker to double action of

VICKS

YOUNG FOLKS LEAD IN RANKS OF CRIME

Active Criminals Under 30, Bureau Shows.

Washington.—Youth continues to predominate in the ranks of crime. Boys and girls of nineteen form the largest individual age group in the criminal element. One-third of all known crimes are committed by persons under twenty-one, three-fifths by persons under thirty.

This was the record written in youth finger prints in the files of the United States bureau of investigation during the first six months of 1933. While it set no precedent it added still another chapter to the story of youth's leadership in crime which has been told periodically by the investigation bureau ever since it began several years ago to catalogue finger prints of every person arrested for a criminal offense in the United States.

This time, analyzing its statistics, the bureau found in them a new indication that it is a short step from a minor first offense to more serious and deliberate crimes.

Nineteen year olds, it was pointed out, exceeded the number of eighteen-year-olds by only 10 per cent when the whole group of offenses was taken into consideration with minor crimes pulling the average down. But in the more serious offenses the number of nineteen-year-olds criminals exceeded eighteen-year-olds by these margins: Criminal homicide, 74 per cent; carrying weapons, 37 per cent; assault, 34 per cent; robbery, 28 per cent.

Take to Serious Crimes.

"These figures," the bureau stated, "tend to indicate that youthful offenders go quickly to the more serious crimes."

During the first half of this year, the bureau reported, 150,493 arrests were made in the United States and the finger prints of the arrested persons transmitted to the Department of Justice. Of that total, 31,907, or 20.1 per cent were under twenty-one years of age and 62,977, or 39.5 per cent, were under twenty-five.

Of the total number arrested, the bureau said, only 11,029, or 6.9 per cent, were women. Their most frequent offenses were disorderly conduct, drunkenness and vagrancy, of which 1,968 cases were reported; larceny, with 1,910 cases, and sex offenses, with 1,336 arrests.

Thirty-five per cent of the 150,493 persons arrested during the six month period had previous arrest records already on file in the bureau of investigation, it was said.

"This does not mean that they were previously convicted, nor does it mean that they were previously charged with committing the same offense," the bureau explained, however. "It means merely that at some previous time they were arrested and fingerprinted and copies of the finger print records were forwarded to the bureau at Washington."

"Six of each ten arrested for violation of the narcotic drug laws and approximately four of each ten charged with forgery and counterfeiting, disorderly conduct, drunkenness, vagrancy, robbery and embezzlement and fraud had previous records," the report added.

Burglary Most Popular.

The bureau found burglary the most prevalent crime among eighteen and nineteen year olds. During the half year, it was said, 6,258 persons under twenty-one were arrested for this offense. Larceny, with 5,835 arrests, was second among the more youthful criminals, while disorderly conduct, drunkenness and vagrancy was third with 3,961 cases. In addition there were, among persons under twenty-one, 2,430 cases of robbery, 2,455 of auto theft, 809 of criminal homicide, 499 of rape, and 494 of carrying and possessing weapons.

At the end of June, 1933, the bureau said, there were 3,780,594 finger prints on record in its files, and 4,801,443 index cards, containing names or aliases of criminals. In the month of June, it was said, 347 fugitives from justice were identified through these records.

His Paintings So Small

20 Fit on Postage Stamp

London.—Painter of miniatures so small that 20 of them will fit on a postage stamp, Stanley A. Burchett of London, formerly of the Grenadier guards, claims that they are the smallest pictures in the world.

Two, about one-eighth of a postage stamp in size, have been purchased by the queen. One is a seascape, showing a sailing vessel at dawn and the other a still life of marigolds in a blue vase. To appreciate the pictures fully it is necessary to use a microscope. Many find it difficult to believe that the miniatures are real water colors painted with a brush.

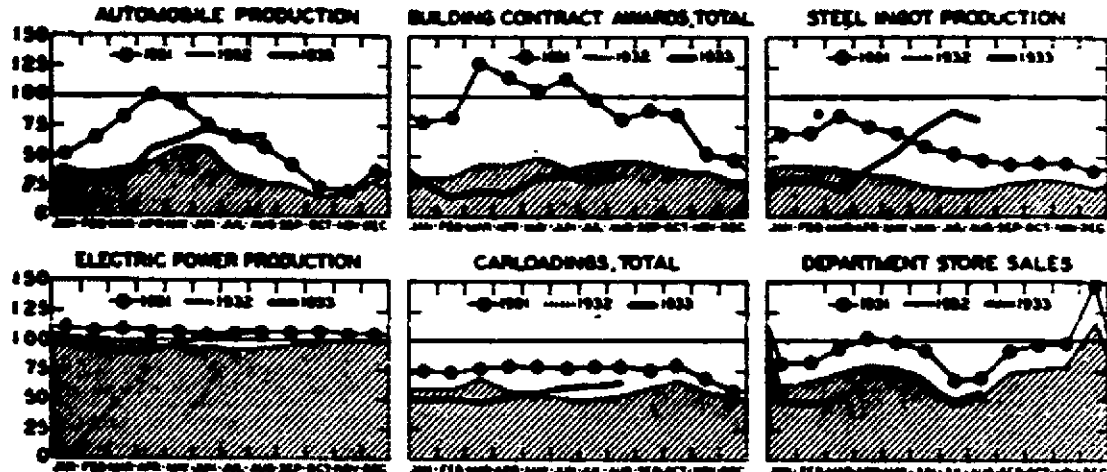

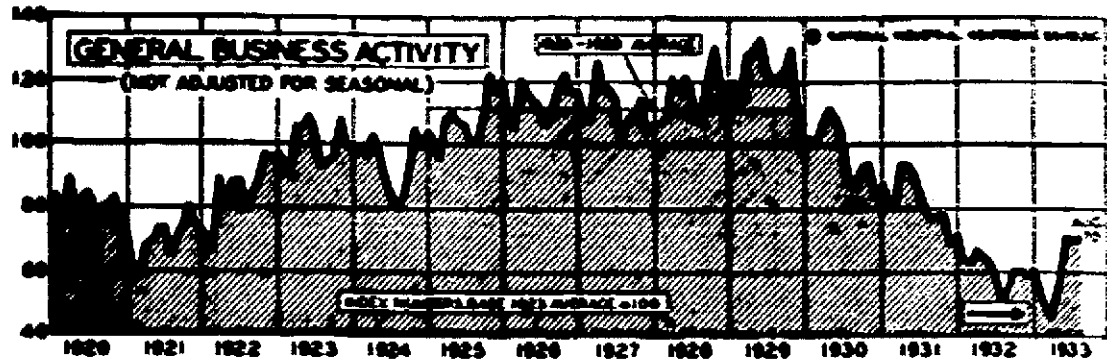

Peaslee Wood as Fuel

Stockholm.—To save imports of coal, public institutions in Sweden will be heated with wood next winter, the government has decreed. Public credits also will be granted to factories for the making of charcoal briquettes, which are expected to replace coal.

Huge Skull Unearthed

Orvieto, Spain.—A huge skull, apparently that of a prehistoric animal, was found in an excavation here. Four teeth still remained in the jaw, each about three inches long and almost two inches wide at the base.

BUSINESS TRENDS—Gains Less Than Seasonal

A decline in general business activity, relative to seasonal expectations, was experienced in August and the first half of September after advances from March through July. It is shown in the current report of the Conference of Statisticians in Industry of the National Industrial Conference Board.

In absolute terms, as shown in the chart, business activity improved in August, but the upturn was less than normal between the two months.

Production in major industries moved generally downward in the last six weeks. Automobile output declined in August and September from July levels of activity, but building and engineering construction showed a sharp gain with increases in public construction overshadowing declines in residential and non-residential construction. Steel output fell off sharply, and electric power output advanced less than seasonally in August and fell off in the first half of September.

Total distribution of commodities by rail advanced less than a seasonal amount in August as compared with July and tapered off in September when an additional gain is usually seasonal. Retail sales by department stores, on the other hand, showed a sharp gain of more than usual seasonal proportions. Department store prices advanced sharply between July and August.

Napanoch Home Bureau Rally Day

Members and friends of the Napanoch Home Bureau met in the Sunday school rooms of the M. E. Church Friday where their annual rally day was held. The fact that the meeting began with a luncheon would need no comment except for the fact that the luncheon was such a splendid demonstration of the high food standards maintained by the ladies of the Home Bureau. It was also a lovely demonstration of artistic table setting. There were many lovely flowers used to make the tables attractive. The luncheon hour was made all the more enjoyable by the singing of group songs. Mrs. Joseph Carberry accompanying at the piano.

Mrs. C. Morton Sciple, chairman, called the group to order following the luncheon, for the business meeting. After some discussion it was voted to hold all meetings this year in the church rooms, their being plenty of room and working space. There being some new people in the village who have not had advantage

of the Home Bureau program it was voted to repeat project work this year in evening meetings so that all could have advantage of the work.

Mrs. Sciple introduced Mrs. Ernest Glenn, wife of the new pastor of the church, who told of the splendid work they are doing with the young people of the community.

Miss Evelyn Nance, Home Bureau manager, was next introduced and a general discussion followed regarding the program for the coming year.

Open Forum Planned. Believing that the women of the community should have a better knowledge of and greater activity in community, civic affairs, it was planned to have an open forum during the winter months at which time discussion of local civic affairs will be discussed. How schools are administered, how towns are run, how taxes are collected and spent, the marketing situation, etc. The outline of study will be secured through the State College of Home Economics at Cornell.

It was decided to try the coming year to bring out the local dramatic talent by having five or ten minute skits following the project work each evening a meeting is held. An old-folks concert is to be given once during the season. Mrs. Milton Harrington has been appointed leader in the

dramatic and recreational work.

The new project work to be given this year is as follows: "The Making of Household Accessories," taught by Miss Nance; "Making a Foundation Pattern," taught by Miss Nona McDowell; "New Meals from Home Grown Products," Mrs. Devere Smith; "Home Care of the Sick," Mrs. Alfred Werben; "Modern Methods of Housecleaning," Mrs. Winfield Lowe and Mrs. Chandler Young.

Those present at the meeting were: Mrs. C. Morton Sciple, Mrs. Devere Smith, Mrs. George Grant, Mrs. Mason Grant, Miss Evelyn Nance, Mrs. Arthur Eck, Mrs. Ernest Glenn, Mrs. Floyd Kelder, Mrs. Mary Lyman, Mrs. Grace Ray, Mrs. John Dole, Miss Nona McDowell, Mrs. M. J. Papurt, Mrs. A. G. Augustine, Mrs. Cornelius Irwin, Mrs. H. V. McCarthy, Mrs. Katharine Bunting, Mrs. Thompson, Mrs. Bert Doughty, Mrs. Winfield Lowe, Mrs. Frances Lowe, Mrs. George Van Wert, Mrs. Joseph Carberry, Mrs. Jymond Surdakowski, Miss Mary Ann Geable, Mrs. Vincent Knoll and Master Vincent Knoll.

James M. Woodall of Augusta, Ga., says he is the first white child to be born within what are now the city limits of Miami, Fla.

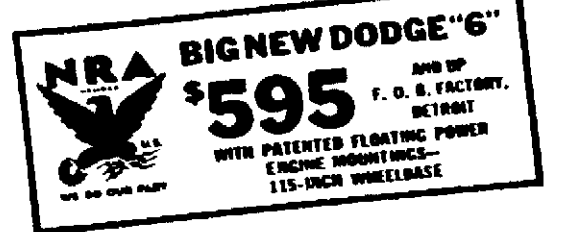

"EASY TO SAVE MONEY WITH A DODGE!" say owners

FROM all over the country come these enthusiastic reports. "Amazing how far it goes on a single filling of gas and oil!" says a doctor down in West Virginia. "Surprising gasoline mileage" writes a Pennsylvania man.

"36,000 miles without having valves ground!" ... "More than 10,000 miles without brake adjustments!" ... "Had my Dodge 8 months and never have had springs oiled, but they don't squeak." These are just a few of the economy advantages Dodge owners stress.

See for yourself how you can save money with the new Dodge Six! Ask your dealer to

show you the startling comparison between Dodge and other cars on the "Show-Down" Plan basis. Get a free copy of the "Show-Down" score card—lets you check car values for yourself—in an impartial, fair-and-square way!

Day of Atonement Begins on Friday

The twilight of Friday, September 29, 1933, will mark the beginning of the most sacred day in the Jewish Calendar—Yom Kippur, the Day of Atonement. In Jewish life this Holy Day is also known as the "Sabbath of Sabbaths" and the "Great White Feast." Unlike the observance of any other Jewish holiday, the Day of Atonement is marked by the unique feature of fasting which begins with the chanting of the Kol Nidre melody and ends with sunset of the following day.

Like all other Jewish holidays, however, Yom Kippur has undergone a change both in its meaning and manner of observance. In the days of the Temple when the Jews dwelt in Palestine as tillers of the soil, the Day of Atonement was chiefly charac-

terized by sacrificial rites, as specified in Leviticus XVI. Both priests and people abstained from food and drink, uttered confessions of their sins, and invoked the God of Mercy for forgiveness. The most stirring moment of the day came when, all alone, the High Priest entered the Holy of Holies and there uttered a short prayer.

But later, when the Jews were exiled from Palestine and the Temple ceased to be the central institution in Israel, the Day of Atonement assumed a new aspect. Sacrifices were no more; in their stead prayer and meditation were substituted. The rabbis of old endowed Yom Kippur with a devout religious atmosphere. They considered this day as the day when the Supreme Judge of all set His seal to the fate of every creature on earth. Therefore, they emphasized with great stress the necessity of fasting and prayer.

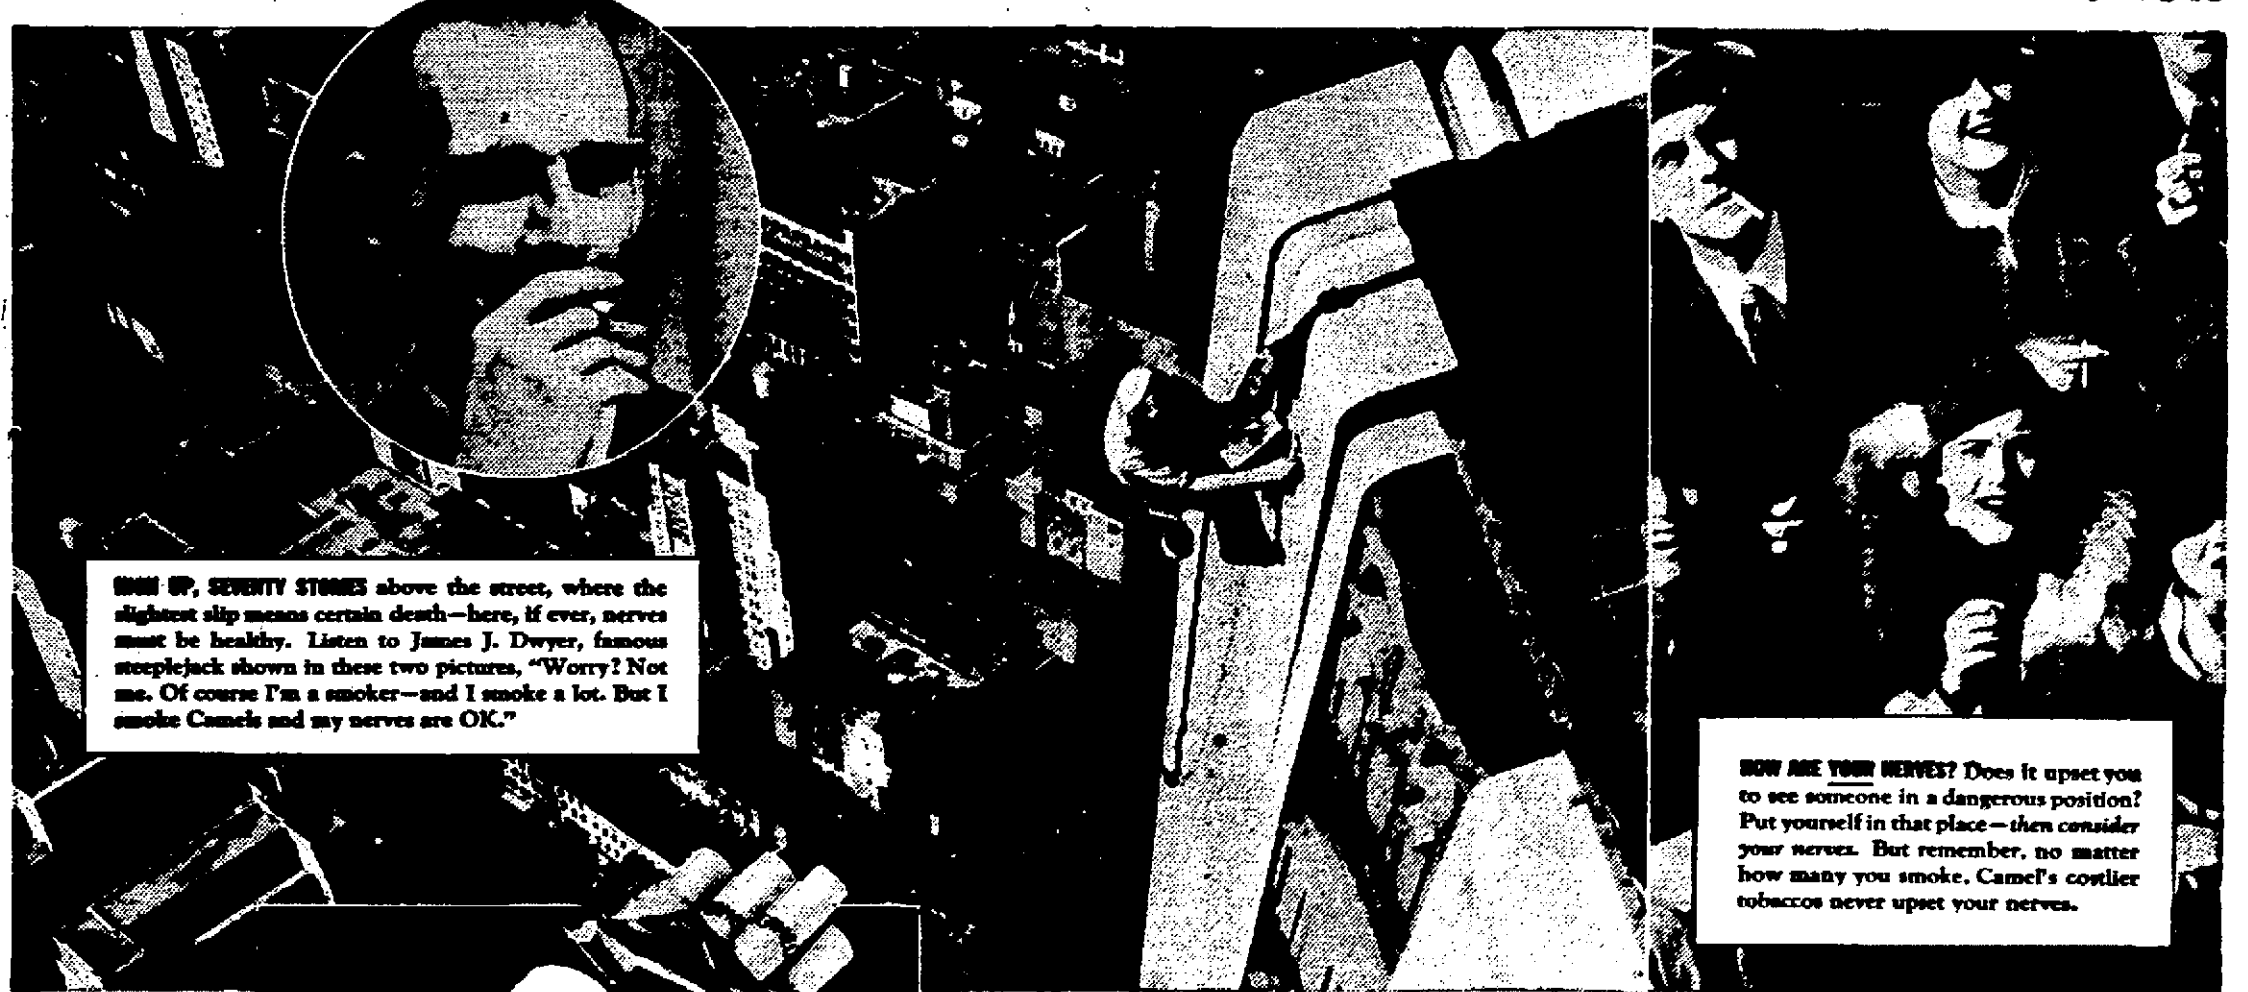

Today, the masses of Jewry still fast on Yom Kippur and still observe it with great solemnity and awe-inspiring prayers. But today the key-

note is to raise the character of man to a higher state of humanity. The prayers strive to convey the thought that the Day of Atonement is a day of self-examination and self-criticism—a day upon which man is to scrutinize his activities of the past year, judge them, weigh them, and henceforth resolve to turn from that which his best conscience considers evil and to follow that which his higher self regards as good. For this reason, the Day of Atonement plays an important role in Jewish and social life at large as a force which makes for human betterment.

U. S. Water Purist
Drinking water in the United States has the reputation of being the safest in the world because of the general use of liquid chlorine sterilizer in the storage reservoirs.

Royal Rings From Wales
Gold mined in Wales was used to make the wedding rings worn by Queen Mary, the princess royal, and the duchess of York.

IT TAKES HEALTHY NERVES TO BE A STEEPLEJACK

DOWN UP, SEVENTY STORIES above the street, where the slightest slip means certain death—here, if ever, nerves must be healthy. Listen to James J. Dwyer, famous steeplejack shown in these two pictures. "Worry? Not me. Of course I'm a smoker—and I smoke a lot. But I smoke Camels and my nerves are OK."

HOW ARE YOUR NERVES? Does it upset you to see someone in a dangerous position? Put yourself in that place—then consider your nerves. But remember, no matter how many you smoke, Camel's costlier tobaccos never upset your nerves.

Steady Smokers turn to Camels

NOT MANY OF US have the iron nerves necessary to be a New York steeplejack. But we can all take a tip from these dare-devils whose very lives depend on healthy nerves.

As James J. Dwyer tells it: "I've been climbing for years and smoking cigarettes even longer. I picked Camels because they're milder. And when I say milder

I mean that no matter how many I smoke they never get on my nerves. What do I think about up there in the air? Not much of anything. Worry? Not me. I smoke Camels—and my nerves are OK."

You'll like Camels, too. Their costlier tobaccos certainly make a difference. In taste. In mildness. And they never get on your nerves.

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobacco than any other popular brand.

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE

When Fur Makes the Hat

Copyright, 1933, by Fairchild.

The two toques illustrated feature fur, the one at left for the entire model which is of black and white galyak. This has a slight beret suggestion.

We Are All Big Girls Now

New York—We must certainly have grown up. Imagine wearing trains again, or for that matter, skirts that sweep grandly as we walk.

Again we are asked to believe in, and to prepare for, a more formal, not to say elaborate social season. Judging from the models seen in the shops we are not experiencing a recovery program but have entirely recovered and are being pretty jubilant about it.

Naturally, if one has no gales to attend, one does not need gale clothes, still it is always interesting to know about them and the really grand, formal fashions do have some bearing on even simple folks.

All sorts of things are happening by way of trimming details. Witness the complicated petal effects on the dress sketched. This sort of thing definitely removes dressmaking from the hands of amateurs and makes it a professional job, unless you are an understanding person and willing to call it an art, which it is very certainly.

We have done a good deal of talking about dinner hats and now we want to talk about the dinner hat that is the special escort of a special dress, made, like as not, from the same material. That is one of the new and beguiling tricks. Lame or metallic cloth make the great majority of these hats, and for that matter, a good many of the dresses. The tunic part principally. Naturally, evening hats more or less conform to the line of the head for, after all, charming though such hats can be, they are only charming when they are not a nuisance.

And speaking of hats, quite a few smartly turned out New York women are wearing good sized hats these days.

AS LELONG SEES IT

Copyright, 1933, by Fairchild.

Two points of interest are seen in this Lelong model of black tulle crepe; the heavier silhouette at top obtained by petal-like effects bordered with black silk velvet, and the fulness placed at front by means of panel insets.

DID YOU KNOW THAT

Classic button-up-the-front cardigan with narrow ribbing in the waistline are in high favor.

Monotone twin sets with tweedy band trimming for both cardigan and pullover are being worn.

Sports Shops Play Up

Following are some of the high style features which are given prominence in the sportswear shops.

Suede jackets with coarse tweed skirts, one jacket with tucking at the waist and in the borders, another with ribbed knit collar and sleeves. Double-breasted jacket suit and matching brimmed hat of rabbit's hair.

Quarterly Session of Ulster County Pomona

(Official Report.)

Ulster County Pomona Grange held its regular fall quarterly meeting at the Clintondale Grange Hall in Clintondale Friday, September 15. The hall was beautifully decorated with lovely bouquets of flowers.

Worthy Master Harold V. Story opened the meeting in due form. The opening song was "America the Beautiful."

The following committees were appointed to serve for the day: Resolutions Committee, Brother Dayton, Sister Bell and Brother Wood. Committee on Applications, Brother McManus, Sister Hartshorn and Brother G. Sallie.

The following resolution was read and adopted: Resolution—Whereas the dangerous nature of the corner of the road from Highland to New Paltz, known as Illinois Hill, on Route 239, has caused much damage to property and loss of life through accidents; whereas the accidents have been caused by the crookedness of the road and the fact that the roadway lies so close to the north side of the nearby woods that it is ice-covered from winter until spring.

Therefore, be it resolved, that Ulster County Pomona Grange ask the State Highway Department to make the road safer for motorists.

Also be it resolved, that a copy of this resolution be sent to the New York State Highway Department, to the County Superintendent of Highways and to Nathan D. Williams, Supervisor of the Town of Lloyd.

The following resolutions were also adopted and spread on the records:

Be it resolved—By the passing of our Brother Harry D. Freer, we feel that the Pomona Grange has lost a valued and loyal member.

We regret exceedingly his passing and wish to express to his family and friends our sincere sympathy.

Be it resolved—By the passing of our Brother Dewitt Ostrander, we feel that Pomona Grange has lost a valued and loyal member.

We regret exceedingly his passing and wish to express to his family and friends our sincere sympathy.

Both resolutions were signed by the committee and adopted by the Grange.

Brother I. C. Barnes, chairman of the Little County Theatre of the Ulster County Fair, reported that seven Granges entered plays. Plattkill Grange won first place, Lake Katrine second and Homowack third. He said he hoped to be able to have the large ball room for the Little County Theatre next year as the room where the plays were given was far too small.

Brother Kurtz gave a report on the visit of the National Master, L. Labor, and our New York state mas-

ter, Fred Freestone, to Ulster county in June to attend our big rally and picnic supper. Brother Kurtz told how he and the worthy deputy, J. Wells Weaver, nearly missed meeting the two gentlemen. After meeting them about 4 o'clock, Brother Kurtz and the worthy deputy took them to Lake Mohonk where Mr. Smiley showed them the beauties of his lovely place. When they reached the new state armory in Kingston they were greeted by about 300 Grangers from Ulster and the neighboring counties.

The worthy deputy urged all Grangers to initiate a class of candidates into the Grange during this month.

A report from the county chairman of the service and hospitality committee, Sister Beatrice Everett, was read and accepted. The county S. & H. committee superintended the supper for the national and state masters and Grangers, serving more than 200. The committee is conducting a homemade bread baking contest and hopes each subordinate chairman will hold a contest in her own Grange, the winners being eligible to compete in the county contest at the December Pomona meeting. The winner there will enter the contest to be held at the State Grange session at Lake Placid in February.

A movement is on among Ulster County Grangers to boost Kingston for 1935 for the State Grange session.

The reports from the Subordinate Granges were read by the secretary, Sister Brink. All Granges are growing in good condition. Several reported joint meetings when the "Patrons' Home" was brought by visiting Grange. Seven Granges reported having booths and seven gave plays at the Agricultural Fair.

Lake Katrine quartet and duo won first place at the regional singing contest in July and also won first place at the state fair at Syracuse.

Brother Barnes said that the county dramatic contest would be held the week of November 13, all entries to be in by November 1.

Brother Joy, County 4-H leader, told of the 4-H work in the county and hoped that all communities that wanted 4-H work would ask the county agent for it. More than 200 boys and girls attended camp this year.

He said he had visited all the boys during the summer. Had fine exhibit of 4-H work at the county fair and won a number of prizes at the state fair.

The prize speaking contest in charge of the Pomona lecturer, Sister Jenkins, will be held at Stone Ridge Grange Hall Friday evening, October 27. The 30th anniversary of Ulster County Pomona and the 60th anniversary of the New York State Grange will also be held at that time.

A recreational period in charge of the Pomona lecturer was held after the business of the afternoon was over.

After supper, which was served cafeteria style by the ladies of the Clintondale service and hospitality committee, the meeting opened in the 5th degree for work.

A committee of the following members was appointed to work for "Boost Kingston for State Grange in 1935": Chairman, Master H. V. Story; Brother J. Wells Weaver, Brother I. C. Barnes, Sister M. B. Brink, Brother K. Taber, Brother R. Service, Sister Annie Kieffer, Brother S. Bernstein, Jr., and Brother E. Klor.

The Fifth Degree was conferred on the following candidates by the county degree team: Jack Harris, Clintondale; Edith H. Minard, Plattkill; Mae Klotz, Lake Katrine; C. P. Hendricks, Lake Katrine; W. E. Christians, Lake Katrine, and Win-

OUR DAILY PATTERNS

fred Conklin of Clintondale Grange. Silver Star Certificates were delivered to Homowack, Clintondale and Hurley Granges.

Sister Jenkins had as her topic for the literary hour, "Pomona the Goddess of Fruit." In connection with her topic she asked each Grange to bring a basket of fruit and one of flowers to be judged in a contest. The winning Granges for the fruit were first, Highland; second, New Paltz; third, Lake Katrine, and on the baskets of flowers first, Asbury; second, Ulster Park, and third, Lake Katrine.

Duet, "Flowers of Summertime," was sung by Sisters Dressel and Johnson. They very kindly sang "Silent O'er the Waters Gilding," for an encore.

Reading by Sister Hartshorn of Clintondale, "The Spirit of Contradiction."

Song by Grange, "Battle Hymn of the Republic."

Pantomime by members of Homowack Grange, "Izzy and His Stenographer."

After count was taken of the number present, which was 140, the meeting closed in regular form.

Port Ewen, Sept. 25—Mrs. Arthur Fowler and daughter, Shirley, spent Saturday with Mr. and Mrs. Donald Munn in Ulster Park.

Port Ewen Firemen's Five, Drum and Bugle Corps will hold its weekly practice this evening.

Mrs. Minna Walker, school tax collector for Anderson School No. 1, is collecting taxes at her tea room on lower Broadway, between the hours of 1 p. m. and 4 p. m. The fee is 1 per cent until October 10, after which it will be 5 per cent.

Mrs. A. E. Vetoski and daughter, Janet, of South Rondout were recent callers at the home of Mr. and Mrs. Charles Wesley of Bowne street.

William Lapine, who has been ill of grip, has recovered.

The annual convention of the W. C. T. U. of Ulster county will be held Wednesday in Trinity M. E. Church, Kingston. Mrs. D. Leigh Colvin, New York state president, will be the guest of honor and speaker of the evening. There will be morning and afternoon sessions of interest.

Mrs. Joseph Stadt has returned to her home on Bowne street, after spending several days with Mr. and Mrs. Rodell Vandermark in Rosendale Heights.

The Rev. and Mrs. J. Thoburn Legg will be "at home" to members of the M. E. Church and congregation and their friends, Wednesday evening from 7:30 until 10 o'clock.

Choir rehearsal will be held in the M. E. Church at 7:30 Thursday evening.

Mr. and Mrs. James Wesley, who spent two weeks with their son and daughter-in-law, Mr. and Mrs. Charles Wesley, in Port Ewen, have returned to their home in South Rondout.

The Ladies' Aid Society will have a clam chowder sale Friday in the M. E. Church house. Orders may be telephoned to Mrs. Harry Mabie, Mrs. Hugh Clark or Mrs. John Lynn. The chowder will be ready to serve at 11:30 a. m.

The annual meeting of the Women's Foreign Missionary Society of the Kingston District will be held in Saugerties October 10, beginning at 10 a. m. and 1:45 p. m. There will be no evening session. There will be a basket lunch.

Put in His Place

Owing to the excitement caused by several alleged miracles in the St. Medard cemetery of Paris in 1732, King Louis XV had the gates locked and a sign hung on them which read: "By order of the King God is hereby forbidden to work miracles in this place."—Collier's Magazine.

Officers Elected at W. C. T. U. Meeting

The annual meeting of the Women's Christian Temperance Union, was held Thursday afternoon at St. James Church. Considerable business was transacted, the most important of which was the election of officers, resulting as follows: Mrs. George W. Shultis, president; Mrs. John B. Stetson, vice-president; Mrs. W. J. Whiston, recording secretary; Mrs. Sophia M. Gillett, corresponding secretary; Mrs. Emma Quimby, treasurer.

Many expressions of gratitude were extended to Mrs. A. J. Keefe, the retiring president, who has served the organization so faithfully for a great many years.

Plans were made for the 53rd annual convention of the Women's Christian Temperance Union of Ulster county which will be held on Wednesday, September 27, at the Wurts Street Baptist Church, corner Wurts and Spring streets, Kingston. Mrs. D. Leigh Colvin, president of the New York State W. C. T. U., will be the speaker both afternoon and evening. A pleasing musical program has been arranged.

Those coming for the morning session, which opens at 10 o'clock, will bring a box lunch. Hot tea and coffee will be served. In the evening the ladies of Trinity M. E. church will serve a dinner which will be free to all members of the W. C. T. U. Friends wishing to remain may have dinner also for a nominal sum.

The public is invited to all sessions.

Evolution of Music

Music was very slow of evolving. For hundreds of years it was little more than the experimenting of chorists singing together separate parts to form a pleasurable sound.

Tomato Juice Is Health Food And A Beverage For Epicures

Commissioner Baldwin Says Research Has Revealed The Special Value of This Food

By CHARLES H. BALDWIN
Commissioner, Department of Agriculture and Markets
Albany, New York

ESPECIALLY valuable for babies, a health food for adults and a beverage for epicures is the juice of beautiful red New York State tomatoes.

It is Dr. Alfred Hess of national fame who is perhaps responsible for the high standing of the tomato as a food item, and particularly of tomato juice as a beverage. His work among babies and young children revealed the necessity for more of the precious vitamin C, which protects against scurvy and tooth decay. When he made his great contribution, orange juice was recognized as the best means of providing this vitamin, but orange juice, not being a native product, was expensive. In seeking a substitute, Dr. Hess began experimenting with tomato juice, and found that it was ideal for this purpose. Its richness in vitamins A, B and particularly the very necessary vitamin C, its ability to blend satisfactorily with the baby's milk, and its palatability, have all been demonstrated in careful work with babies and children.

Good for Babies

According to Dr. Hess, a baby more than three months old may be fed two tablespoonfuls of tomato juice a day, and as much as six ounces a day may be fed to a baby under one year of age.

Dr. Eddy of Columbia University recommends an ounce a day for babies. He further states that one

glass—ten ounces—of tomato juice is equal in vitamin content to the vitamin C of three oranges, the vitamin B of three yeast cakes, and the vitamin A of one teaspoon of cod liver oil.

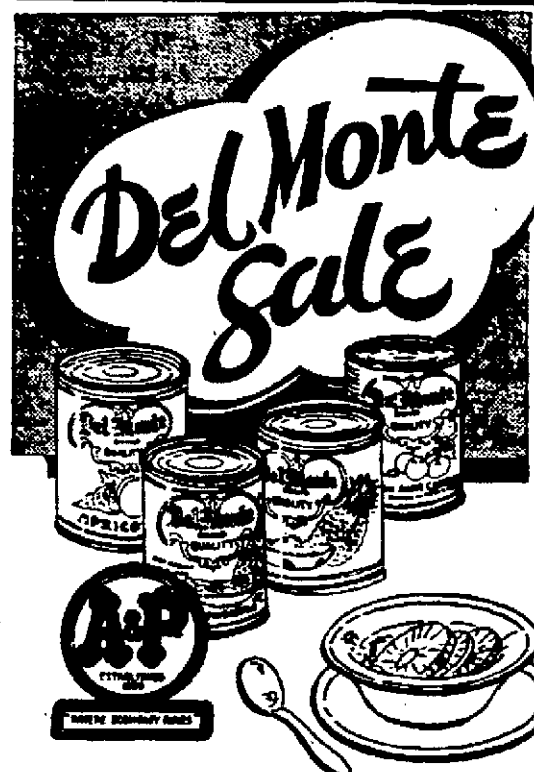

Three Healthful Acids

It is the work of Dr. Hess, of Dr. Eddy and Dr. Sherman of Columbia University, Dr. E. V. McCullom of Johns Hopkins, and others, together with the fact that people like the taste of tomato juice, that has made it, not only one of the physician's strongest allies in maintaining health and combating disease, but one of the most popular of beverages.

Inasmuch as it is rich in these very necessary vitamins A, B and C, and not a fat-producing food, it is in high favor with those who wish to be thin, and yet well nourished. Dr. G. W. Wagner of the United States Medical Corps gives some interesting information on the acidity of tomatoes. He states that they contain three healthful acids: malic, found in apples; citric, found in lemons, oranges and grapefruit, which is a diuretic and antiseptic; and phosphoric, used in the treatment of nervous disorders.

Dr. Loran of Germany says it is the healthful blending of all these acids which makes tomatoes so deliciously palatable, refreshing and appetizing, and is the reason why we do not tire of them nor overeat of them.

FREEMAN WANT ADS BRING RESULTS!

Serve fruits and vegetables regularly. They are among your finest sources of vitamins and mineral salts. When you buy DEL MONTE, you know you are getting the finest fruits and vegetables grown—the special care and speed with which they are canned and the way they are cooked protects the vitamins these carefully selected foods contain.

Financial and Commercial

New York, September 25 (AP).—Financial markets were the prey of inferiority complexes today with inflationary and non-inflationary impulses giving price movements a highly erratic appearance.

Moderate declines were general in stocks, bonds and grains as most traders, unable to form any definite conclusions as to near-future trends in the light of the administration's implied fiscal policies, either sought safety on the side-lines or liquidated portions of their holdings. After the first hour stocks turned extremely dull. Wheat dropped some 2 cents a bushel at one time and cotton and other grains sagged. The majority of staples later pared their early losses under short covering inspired by improved sentiment. The dollar exhibited strength both against sterling and the European gold agencies. Although the oil shares generally held their declines to unimportant fractions, most other groups recorded recessions of 1 to 2 or more points. U. S. Smelting yielded some

THE JOHNSON

Fourth Degree Assembly, Knights of Columbus, will hold a meeting tonight at 8 o'clock.

Golden Sunset Lodge, 237, L. A. to B. R. T., will hold a regular meeting in Mechanics' Hall, 14 Henry street, tonight at 8 o'clock.

A regular meeting of Colonial Rebeah Lodge, No. 45, I. O. O. F., will be held this evening at its room, corner of Broadway and Brewster street at 8 o'clock. There will be election of officers for coming year and a large attendance of members is desired by the Noble Grand.

There will be a very interesting meeting of Vanderlyn Council, No. 41, D. of A., at 14 Henry street, on Tuesday evening at 8 o'clock. This meeting will be observed as charter members night. There are still 27 members belonging to the council who joined 30 years ago when the council was organized and they are all asked to attend this meeting.

The first Stated Conclave of Roundout Commandery, No. 52, K. T., will be held in the Asylum, 280 Wall street, on Wednesday evening, September 27. Many important matters will come before the Commandery. Sunday, October 1, there will be a historical celebration at Newburgh in which the Grand Commandery Officers and Commanders from New York city and elsewhere will be represented. Wednesday evening, September 27, the Grand Standard Bearer will make an inspection of the Commandery.

Quotations given by Parlier, McElroy & Co., members, N. Y. Stock Exchange, 120 Broadway, New York city; branch office, Stuyvesant Hotel.

Quotations at 2 o'clock.

Peking, China, has been called something like Yea, Yea-shaw, Nang-shing, Yung-shing, Khabab, Shun, Peking, Peking, and there.

Can Squash Water and Air

Harvard university has an apparatus that can pump water into five different sized pipes, and has arranged also a substance in glass or water.

Society Notes

Trials-Remains.

Marty Trials of Poughkeepsie and Miss Ellen C. Remson of 17 Meadow street were married on Saturday by City Judge Bernard A. Callahan.

Faith-Howard.

Sunday at 2 o'clock Miss Elizabeth Howard of 23 Abbot street, daughter of Ernest Howard of Syracuse, became the bride of Harold Fille of 15 Fairview avenue, son of Mrs. Anne Fille. They were attended by Mr. and Mrs. Ernest Howard, Jr. of Whiteburg, brother and sister-in-law of the bride. The bride was attired in a blue crepe dress with accessories to match. She wore a corsage of pink butterfly roses. After the ceremony, which was performed by the Rev. Father Burke, of St. Joseph's Church, a reception was held for the bride party at the home of the groom. Mr. and Mrs. Fille will reside at 33 Abbot street.

Party at Williams Lakes.

Williams Lakes, Sept. 25.—A very pleasant afternoon was spent and enjoyed at Williams Lakes by a party of 24 friends and neighbors made up at Stone Ridge by Dr. and Mrs. John Hasbrouck of that place. After a picnic at the lake the party was complete, at which time a clambake, supervised and planned by Mrs. Williams and prepared and served by members of the family. After the clambake was eaten the guests danced and sang for an hour or more, after which all departed, voting Dr. and Mrs. Hasbrouck royal entertainers and thanking the folks at Williams Lakes for the excellent service they had extended.

Misses-Deegan.

A pretty autumn wedding was solemnized Sunday, September 24, at St. Mary's rectory when the Rev. Father James P. Moore officiated in marriage Miss Rose Mary Deegan of 355 Broadway and Paul Deegan of 175 E. Chester street. The bride was attended by Miss Yolanda Siano and the groom by Charles De Cretia. The bride looked charming, attired in a golden brown swag suit trimmed with squirrel and wore a corsage of tea roses, while the bridesmaid was attired in a brown suit trimmed with fitch and wore a corsage of tea roses. After the ceremony a reception was held at the home of the bride where only the immediate families attended. The bride and groom received many beautiful and useful gifts. The young couple will make a wedding tour to New York and other points of interest. After October 1, they will be at home to their many friends at 11 Lucas avenue, where a newly furnished home awaits them.

Drants-Dupont.

Elva N. Dupont, daughter of Mr. and Mrs. William Dupont, of Violet avenue, Poughkeepsie, became the bride of Alfred G. Drants of Ulster, formerly of Kingston, on Saturday, September 16, at 9:30 a. m. The ceremony was performed at the home by the Rev. F. W. Stacy, pastor of the Washington Street M. E. Church. The bride was gowned in white satin with veil in cap shape, carried a bouquet of gardenias and chrysanthemums. Helen St. Nillars of Poughkeepsie was maid of honor and Hilda Monroe of Massena was bridesmaid. Mr. Drants was attended by Conrad W. N. Drants of Queens Village, L. I. Mr. and Mrs. Drants sailed on the afternoon boat for Bermuda. They will make their home at Walcott Staff House at Ulster State Hospital, N. Y. The bride was graduated from Hudson River State Hospital and was employed in the admittance building of the hospital. Mr. Drants was graduated from Albany College of Pharmacy and is in charge of the pharmacy at the Ulster State Hospital.

A Farewell Party.

A farewell party was given in honor of Miss Esther Miller on Sunday evening, September 24, at the home of Miss Marion Samuels, 15 W. Chestnut street. Those present were: Misses Esther Miller, Marion Samuels, Naomi Bregman, Ethel Bahl, Sylvia Bahl, Sophie Weiner, Gladys Netburn, Margie Kados, Jennie Jablonski, Betty Beach, Esther Beach, Edith Epstein, Helene Meyers, Dorothy Gallop, all of Kingston, and Herman Levine, Milton Haven, Herman Rosenberg, Al Boyar, Lou Rubin, Irving Feldman, Lou Jagher, Sam Haber, all of Poughkeepsie; Joe Moses, Joe Goldstein, Hy Hagel, Doc Lebowitz, Phil Shaffer, Dave Schulman, Sam Cohen, Hershey Shadoff, Sam Nagel, Sidney Knopf, Ernie Schlesinger, all of Newburgh; Lee Kardos of Kingston and Mr. and Mrs. Sidney Samuels of Saugerties. An enjoyable evening was had by all. Entertainment was furnished by Lou Rubin, the well-known radio singer. An exhibition in dancing the Savoy was given by Al Boyar and Ethel Bahl. Gladys Netburn and Sam Haber exhibited the Collegiate Hop. Refreshments were served

Kingston High Flattens Monticello By 39-0 Score

Kingston High opened its 1933 football campaign Saturday afternoon at Monticello with a spray attack against Monticello High in which 25 Maroon warriors took part to win the inaugural game, 39-0.

Before some 500 fans, the teams battled on sooty turf that tended to slow the progress of the running attack, but not to any great degree, and many fans thought it was a good exhibition for the first game.

Kingston did well on offense. It made marked progress whenever the ball was in its possession, something which was not expected, when pregame reports boasted of Monticello's great forward wall. The much heralded line was heavy but not effective and Kingston romped through it with little trouble.

The Maroon huskies were fair on defense. Monticello backs were loose but a few times and then the secondaries checked the attempt.

Pass Scores.

Kingston was off to the races in the first quarter. In the early minutes they pushed down to Monticello's three yard line, where a fumble occurred and Monticello immediately kicked out with the pignick. Kingston made two attempts after this, and it was on the failure of the second that a punt by Cullum dropped the ball on the 19 yard line where a Blue Jersey dropped the oval and Kingston recovered. Three plays later Cullum passed to Evory and thus Kingston scored its first six points. The kick for the extra point failed.

The Maroon passing tactics played a major part in its advancement towards the enemy's goal. Cullum's 21 yard pass to Evory for the first score, was topped by one from Burgevin to Sahloff, which amounted to a 23 yard gain from the 23 marker to the six. Then Cullum dropped back again and Burgevin stepped over into the end zone, as free as a hawk, and snatched the ball out of the air for the second score.

Maroon Scores Three Times.

Kingston reached the height of its efficiency in the third quarter. Early in that period Mark Tiano took a punt on Kingston's 51 yard line and raced it back to Monticello's 38 and on the next play Cullum again reported to the air. Dropping back into a deceptive formation, Cullum with ease and care, tossed a 23 yard pass to Burgevin and the latter hauled the ball the remaining 13 yards for the third score.

Burgevin Runs 40 Yards.

About in the middle of the third quarter Monticello punted out and Burgevin caught the ball on the 40 yard line and made his way towards the east side of the field and galloped down the side line. Burgevin's speed prevented him from being cut down just before he reached the goal line by a back who was running across the field. As it was the attempt was made after he crossed into the end zone and the impact drove him into a cluster of brush, his grass and sloppy turf. The brush concealed him completely, and his disappearance was so sudden that it struck the crowd's sense of humor, and the cheers of his accomplishment an instant before changed to hearty laughter.

Shortly after Kingston gained the ball on the 21 yard line and a few smashes at the line by Mark Tiano took the ball to the eight yard strip where Davis cracked off a tackle and after doing a nice piece of work scored. Bill Van Derzee crashed over for the extra point.

Kingston had the ball in its possession at the end of the third period. It rested on the 23 yard line and at resuming play in the first stanza, the Maroon took up a strictly running attack and from the six yard line Saunders scored. Sahloff, who figured in the advances, hit the line for the after touchdown point. This concluded Kingston's scoring spree for the afternoon.

While Kingston was enjoying such success, Monticello was making futile attempts to brush Kingston aside for its backs, and at stopping the attack of the Maroons. Both proved unsuccessful.

The line-up:
Kingston (39) Monticello (0)
Debrosky L.E. Kristi
Noce L.T. Hamon
Zachee L.G. Dugan
Ryan C. Simmons
Ferguson R.G. Dollard
Evory R.T. Link
Van Derzee R.E. Panssidi
Van Valkenburgh Q.B. Bagner
Tiano L.H. Albonski
Cullum R.H. Nefsky
Lipshitz F.B.

Score by period:
Kingston 6 7 19 7—39
Monticello 0 0 0 0—0

Touchdowns—Evory, Burgevin (3), Davis and Saunders. After touchdown points—Van Derzee (plunge), Sahloff (plunge), Cullum (plunge).

Substitutions—Kingston: Burgevin for Van Valkenburgh, Baltz for Ryan, Sahloff for Van Derzee, Fertel for Noce, Saunders for Tiano, Pierie for Saunders, Melchoir for Debrosky, Tomshaw for Zachee, Bowser for Evory, Finley for Evory, Hyatt for Cullum, Fitzgerald for Fertel, Budgachan for Levy, Barth for Van Valkenburgh and Davis for Hyatt. Monticello: Loskonksy for Hanlon. Referee—Bell, Newark; umpire, Karim, Monticello; end lines man, Silverman, Monticello.

All Stars Win Third Game From Crystals

Johnny McCordie's Kingston All Stars on Sunday won the third straight game of their series with the Crystal Garden Club and now claim the semi-pro championship of the city. The contest played at the "Crystals" home grounds, Pan Am field on the Saugerties road, ended 9-6 in favor of the Stars, who walked Johnny Mannello, imported Port Ewen pitcher, for 16 hits, six of which were doubles.

Booking Manager Johnny Ashdown signed Mannello to pitch Sunday so that he might have something new to offer the McCordies in an effort to take one game of the series after losing two straight, but the trial was of no avail. Dewey Van Buren opposed Mannello for six innings, surrendering the task to Jimmy Martin after being the victim of poor support.

Having won the city championship, the All Stars will try for the semi-pro title of Ulster county. Manager McCordie says, and is now arranging a series of battles with the Highland American Legion, which lays claim to the honor. The first contest will be at the Fair Grounds next Sunday under the auspices of the Kingston Workers' Cooperative Association. There will be music by Alecia's band.

Morgans Defeat Newburgh Champs

Saturday afternoon at the Athletic Field, Jimmy Morgan's Repealers defeated the Highland Falls Independents, champs of the Newburgh City League, by the score of 5-2. The locals pounded three visiting pitchers, Biggs, Taylor and Noges for 10 hits while Ted Fraleigh on the mound for the Repealers held the Highland Falls club to four singles.

Next Saturday the Repealers will go to Saugerties for a game with the best team of the Firemanic League and a week from then travel to Newburgh for another battle with the Highland Falls club.

Dispute Ends Game.

The baseball game between the Connally A. C. and Port Ewen Firemen at Herkules Field, Port Ewen, Sunday afternoon ended in a dispute in the eighth inning with the score 2-1 in favor of the Connally Club.

Let George Do It

Tagging Major League Bases

By HUGH S. FULLERTON, Jr.
(Associated Press Sports Writer)

Final returns on the major league baseball season won't be in for another week, but young Tommy Bridges of the Detroit Tigers has clinched the crown as the year's "hard luck guy" without further argument.

Bridges, one of the bright spots in an otherwise discouraging season which finally impelled Bucky Harris to resign his post as Tiger manager Saturday, has made four gallant efforts to add his name to the list of no-hit pitching notables and each time has failed by the slimmest of margins.

His troubles started last year when a pinch hit by Dave Harris in the ninth inning cost him a no-hit game against Washington. Early this season he hurled one-hit contests against St. Louis and the Senators and yesterday he blanked the Browns again without a blow for 3 1-3 innings before Sam West, the "villain" on a previous occasion, and Art Scharnfeld found him for singles. Tommy's two hit hurling brought the Tigers a 2-1 victory. In the first game of a double-header and they went on to clear up with a 5-2 triumph in the afterpiece as Carl Fischer allowed only five blows.

The Philadelphia Athletics had a romp at the expense of Al Crowder and two successors and batted out an 11 to 4 victory over Washington's American League champions. The Boston Red Sox beat the second place New York Yankees 10-8 in a game which produced 18 hits, nine errors and 15 walks.

The Chicago White Sox and Cleveland Indians divided a twin bill, collecting a total of 50 hits. The Sox won the opener 8-7 on a ninth inning

run and the Indians came back to hammer out a 12-6 triumph, scoring half their runs in the fifth. Earl Averill hit a homer in each game.

Chicago and Cincinnati let the pitchers have their say for the National League as they divided a pair of games. Charley Root's five hit flinging led the Cubs to a 7 to 1 triumph in the opener and Cincinnati won 1 to 0.

New York's Giants won their first game since they clinched the National League title by scoring four runs in the tenth inning of the first game with Boston to beat a three-run rally and win 6 to 5. The Braves had the last laugh, however, slamming Glenn Spencer for five tallies in two innings and winning a five-frame afterpiece, 5 to 2.

Like the Giants, the Brooklyn Dodgers saw their second game cut to five innings by darkness, but they had time to beat the Phillies twice, 12-7 and 5-2. They scored ten runs in the fourth and fifth frames of the opener and put on another four-run rally in the third to take the second game.

The Pittsburgh Pirates and St. Louis Cardinals batted each other's pitchers around the lot to split a pair of 5-4 decisions but the Pirates had to go ten innings to beat Dizzy Dean in the second game after the Cards' late rallies had given Tex Carleton his 17th victory in the opener.

SAWKILL ORIGINALS TROUCE WILBUR, 17-2

Hen Charlton's Original Sawkill Club swamped the Wilbur team Sunday by the score of 17 to 2, in eight innings. Shortel and Hulais pitched for Sawkill and held Wilbur to seven hits. Embrie and Cullen did the pitching for Wilbur. Jess Hulais was the hitting star for Sawkill, getting two doubles, a triple and a single in six tries. Sawkill will play the Trojans of Kingston next Sunday at 2 p. m.

Army Looks 'Em Over

West Point, N. Y., Sept. 25.—Opening a 10-game schedule with the strong Mercer University eleven of Macon, Ga., here on September 30, the Army football team will oppose stronger early season opponents than in the past.

Among the features this year will be the first invasion of an Army team into Ohio when it meets Illinois in Cleveland on October 21 and the playing of the Navy game before Notre Dame. The annual color game with Yale at New Haven

and Harvard at Cambridge have also been continued.

The complete schedule is:
Sept. 30—Mercer University.
Oct. 7—Virginia Military Institute.
Oct. 14—University of Delaware.
Oct. 21—University of Illinois (at Cleveland, O.).
Oct. 28—Yale (at New Haven).
Nov. 4—Coe College.
Nov. 11—Harvard (at Cambridge).
Nov. 18—Penn. Military College.
Nov. 25—Navy (at Philadelphia).
Dec. 2—Notre Dame (at New York).

Giants Should Be People's Choice Over The Senators

By ALAN GOULD

Associated Press Sports Editor

New York, Sept. 25 (AP).—From most any angle that you may consider the World Series proposition, the roiling Giants should be the "people's choice" over the Senators.

Metropolitan "wise money" favors the American League champions but from Dolgoville, N. Y., the home of Hal Schumacher, to Mead, Okla., where Carl Owen Hubbs raises pecans during the off-season, the hopes of the countryside will be largely with the small-town boys who have made good in the big city with the Giants.

"Who's Who in Baseball" is crammed with the exploits of all the Washington regulars, ranging in league service from three to thirty years, but at least a half dozen in the New York machine were as conspicuous enough even to be mentioned with the game's "blue blood" when the 1933 season started.

McGraw-Terry Products

You won't find Shortstop "Buddy" Ryan, Outfielders Joe Moore and Homer Peel, or Pitchers Hal Schumacher, Roy Parmelee and Herman Bell in the latest edition of "Who's Who" but most of them will be located quite easily when the bats start at the Polo Grounds a week from tomorrow.

Most of the Giants' regulars are "home-breds." With the exception of Centerfielder George Davis, acquired from the Phillies, second baseman Hughey Critz, who came from Cincinnati, and Gus Mancuso, the backstop obtained from St. Louis, the lineup represents products of John McGraw's development and Bill Terry's smart handling or encouragement. Hubbell, Fitzsimmons, Schumacher, Ott, Jackson and Terry have self have concentrated their major league careers with the Giants. Ryan and Moore are two of this year's prize packages.

Senators Seasoned

The Senators also were reorganized for the 1933 campaign but on vastly different basis. Where Terry publicly announced and carried out a policy of rebuilding with youth and enthusiasm, Clark Griffith went into the open market to engineer a series of wholesale swaps for seasoned, certified baseball talent.

The Giants were satisfied to make the great experiment and gamble with relatively inexperienced or untried talent but the Senators looked fully at all labels and took chances. In swinging trades for outfielders Fred Schulte and Goose Goetzlin, pitchers Earl Whitehill and Wally Stewart, and Catcher Luke Sewell last winter, Griffith considered he was running no risks. In effect he handed over a ready-made, hand-picked aggregation to Manager J. Cronin.

Not Scared of Giants

"We are making a substantial investment in order to produce a pennant-winning club," remarked Griffith at the time he was swinging his big deals with St. Louis and Detroit. "I am satisfied we will get what we want and beat the Yankees."

Powerful Pitchers

That's the conclusion most baseball sharps reach until they consider the Giant pitching staff. Then they begin to "hedge." Two dozen shutouts, plus as many more games in which the opposition was held to single runs, tell a rare tale of pitching effectiveness. That's why the Giants do not fear the big hitters of the Washington club.

This week, both championship teams have an equal opportunity to rest their stars, iron out the "Charley horses," discuss the strategy and mail tickets to the bowl folks.

Giant Hurlers to Rest

Terry plans only one more adjustment for each of his pitching arm Hubbell and Schumacher, definitely slated to pitch the first and second games in New York, probably will be started in the doubleheader this Wednesday with the Phillies.

Summons will be groomed to be his knuckler in the third game of Washington, October 5.

Cronin and Griffith have not closed their pitching plans but it will be Whitehill, Crowder and Sewell in that order, with Steve Heston starter only in the event things go wrong with the other three.
